PRICE ONE CENT

# PRESENT PEACE TERMS TO RUSSIAN Armies' Continue to NAVAL RECRUITS LEAVE RECHSTAG THURSDAY Advance; Governmental Affairs Again Ruffled FOR NEWPORT

Notwithstanding the change in the German chancellorship and before any declaration of policy has been made by the new occupant of the post, Dr. Georg Michaelis, the Reichstag, against existing conditions appears to be going on unchanged. The majority in favor of a declaration of peace terms, it is declared, will present their resolution on Thursday, the day the new chancellor is scheduled to speak, and will demand that he accept the declaration in principle before they agree to co-operate with him.

**Michaelis Deeply Religious**  
COPENHAGEN, July 17.—A strong strain of religious devotion, verging on religious mysticism, is one of the outstanding characteristics of Dr. Michaelis. According to those acquainted with him, the new chancellor believes in the direct guidance and inspiration of the deity in all his actions and endeavors to base his actions and policy upon his interpretation of the Divine will.

Mr. Michaelis's firmness of purpose is said to be largely the result of this conviction. This view of life is partly hereditary. His brother became a clergyman, the master of the most devout school and his sister married a clergyman.

**Von Roeder Succeeds Michaelis**  
AMSTERDAM, July 17.—Count von Roeder, German finance minister, replaces Dr. Karl Helfferich, secretary of state, according to the Berlin Tageblatt.

**More Resignations**  
AMSTERDAM, July 17.—A despatch

developing interest in farm work

At the present time there is much

trivial among the different

troops of the city for a number of

troops which are to be awarded

by the greatest amount of labor done

by the scouts in farm and garden

work. Many of the boys are

in the suburbs, and these men

have been asked to fill out a

card telling of the amount of time

spent by the scouts whom he has

employed. In the case of boys who

are working on their own gardens

the card is to be filled out by the

scouts. In this way an accurate

record of how much time each troop is

spending in farm work can be kept.

At the end of the summer season five

troops are to be awarded prizes

for the greatest amount of labor done

by the scouts in farm and garden

work. Many of the boys are

in the suburbs, and these men

have been asked to fill out a

card telling of the amount of time

spent by the scouts whom he has

employed. In the case of boys who

are working on their own gardens

the card is to be filled out by the

scouts. In this way an accurate

record of how much time each troop is

spending in farm work can be kept.

At the end of the summer season five

troops are to be awarded prizes

for the greatest amount of labor done

by the scouts in farm and garden

work. Many of the boys are

in the suburbs, and these men

have been asked to fill out a

card telling of the amount of time

spent by the scouts whom he has

employed. In the case of boys who

## EXILED GERMAN ON REVOLUTION

Says Sweeping Allied Victory  
Will Arouse Germans and  
Mean End of Kaiser

German Socialists Aware of  
Deception But Dare Not  
Change Attitude

NEW YORK, July 17.—A sweeping victory by the entente allies, sufficient in its effect to arouse the German people to a realization that they have been deceived, is the only thing that will bring about a revolution and the overthrow of the Hohenzollerns, according to Prof. Herman Fernau, a German journalist and author of "L'Accuse," a pamphlet published in Switzerland at the beginning of the war and suppressed by that government.

Fernau, now a political refugee in Switzerland, is quoted in an interview obtained by the Swiss correspondent of the Russkoye Slovo, the text of which was received here yesterday by the official French bureau of information, cabled from Paris.

"I consider a revolution in Germany possible only by the allies," Fernau is quoted as saying in the interview. "The fortress of the Hohenzollerns is impregnable in appearance only, and it may crumble to pieces at an unexpected moment. The socialists have been deceived as have all others in Germany by a continuity of official lies since the beginning of the war, when the German government announced a French airplane raid on Nuremberg and that Russian troops had violated the frontier."

"Later on, the socialists learned they had been deceived, but they had not the courage to change their attitude. The socialist party in Germany is, moreover, a big capitalistic business. They have 25,000,000 marks invested in various enterprises, and they control several thousand officials and employees. The social democrats prefer to lose their money rather than their money."

"On Aug. 2, 1914, Chancellor von Bethmann-Hollweg called all the socialists together in Germany in conference and he told them bluntly: 'Either you will be with us or we will destroy your organizations.' The socialists refused to support the government and continue their business."

"There is no doubt," the interview continues, "that the repression in Germany of any popular movement will be attended by terrible results, and a revolution will be the bloodiest that the world has ever witnessed. The revolution, however, will only come after a stinging defeat, as only then will the people of Germany be sufficiently indignant against the Hohenzollerns and the military caste."

## GEN. E. LEROY SWEETSER TO COMMAND BRIGADE

FRAMINGHAM, July 17.—After the big crowd of visitors at the camps of the Sixth and Ninth infantry, M. N. G., it was refreshing to both officers and men of the two regiments to have their camps all to themselves yesterday.

Col. Edward L. Logan, at the close of the evening parade, tendered a review to Brig.-Gen. John J. Sullivan, formerly colonel of the Ninth regiment.

The ceremony was finely performed, and after the regiment had assumed its original position Col. Logan ordered the men to make a second passage at double time. Although it is many months since the regiment has performed the movement, it made an excellent appearance. In the ceremony the recruits carried rifles for the first time.

On returning to headquarters Gen. Sullivan thanked Col. Logan for the compliment and expressed himself highly delighted with the appearance of his old regiment.

When the news was received that Brig. Gen. E. Leroy Sweetser had been ordered to take command of the brigade when it is called out, Aug. 25, every officer and man of the regiment was delighted. His first duty will be to receive commissions in the National army, as well as with grave concern the high cost of being an officer.

## HIGH COST OF BEING AN OFFICER

Eighteen hundred young men who will soon be designated for appointment as second lieutenant in the regular army are currently all the students at Plattsburgh, Fort Myer and similar training camps, who hope to be listed among the lucky 15,000 to receive commissions in the National army, as well as with grave concern the high cost of being an officer.

Prices for the bare essentials have taken a tremendous jump since the declaration of war. Previous to April 6 an officer of the United States army could plan to get outfitted for from \$125 to \$150. Now it costs from \$250.00 to \$300.00, according to a well-known outfitter in army officers, even if the very lowest prices are quoted. His figures for different articles, as published in the Army and Navy Journal, follow:

Overcoat and raincoat.....	\$100.00
Service hat.....	4.00
Olive drab shirt.....	8.50
Service coat.....	18.50
Service breeches.....	9.00
Two pairs of shoes.....	11.00
Leggings.....	9.00
Revolver.....	20.00
Sabre.....	12.00
Boat.....	5.00
Insignia.....	2.50
Dispatch case.....	5.00
Incidentals and extras.....	50.00
(and if mounted)	
Saddle and spurs.....	45.00
Halter and bridle.....	14.00
Riding gloves.....	7.00
Mounted accessories.....	35.00
Total.....	\$355.50

PREMIER TUAN DECIDES ABOLITION EDITOR IS UNNECESSARY

PEKING, July 17.—Premier Tuan has decided that an abolition editor is unnecessary as it would compromise the emperor. Chinese of the southern provinces, jealous of his success, are already endeavoring to weaken his power, asserting he intends to retain the emperor.

FOOD CONSERVATION  
BOSTON, July 17.—About 60,000 enrollment cards have been received at the headquarters of the campaign to save food conservation. The campaign, conducted by two thousand voluntary women workers in the city and suburbs, closed last night.

# NEWS OF THE DAY IN POLICE COURT

A neighbors' quarrel over children at the Draught Navy Yard yesterday morning was responsible for two assault and battery cases being aired in police court this morning. After the various witnesses had offered their testimony, all of which was of a conflicting nature, the court refused to make a finding and continued the matter for one month and refused to allow any witness fees. He said that if the principals in the case had used a little common sense the cases would not have been brought to the attention of the court. He said that if there was any more trouble among the people of that vicinity he would take a different attitude in the matter than he did this morning.

There were two cases, one charging Mrs. J. Foster with assault and battery on Della Rousseau, and the other charging Della Rousseau and Philomene

Jean with assault and battery on Mrs. Foster.

The women are neighbors, residing in the Draught Navy Yard, and yesterday, it is alleged, that Mrs. Foster's children were bothering Mrs. Rousseau's children and as a result Mrs. Rousseau and her sister, Philomene Jean, started for Mrs. Foster's house to remonstrate. Mrs. Rousseau claimed that Mrs. Foster struck her over the face and head with a duster stick, and pulled a huge piece of hair from the top of her head. On the other hand, Mrs. Foster said that Mrs. Rousseau struck her first and then she retaliated with the duster handle, whereupon Mrs. Jean struck Mrs. Foster over the right arm with a hoe. It was agreed by all parties concerned that Mrs. Foster and Mrs. Rousseau were clinched when Mr. Foster put in an appearance and separated the two women. Mrs. Foster also testified that she had 13 marks on one leg and 11 on the other, all of which were inflicted by Mrs. Rousseau's dog which had been set upon her. The matron of the police station insisted relative to the marks on Mrs. Foster's limbs. The court, after considering the evidence in the case,

refused to give any finding and continued the matter for one month.

**Another Assault**

Leo J. Sherlock and John Noary, while under the influence of liquor yesterday, went to the farm conducted by Sherlock's uncle, Thomas H. Sherlock, and amused themselves by assaulting him. In court this morning each of the young men was fined \$25 for assault and battery, and a complaint of drunkenness against them being placed on file. When young Sherlock was arrested he had \$63 in his possession, which the uncle said belonged to him. When the court told Sherlock to turn over the money which belonged to the uncle the defendant produced \$39.80, claiming that the remainder of the money belonged to him. Mr. Sherlock claimed that there was more money due him whereupon the court told the man that the only recourse was to enter a complaint for larceny against the young man.

**Auto Laws Violated**

Donat Lavallee was charged with violating the automobile laws by driving away without giving his name, residence, etc. after doing injury to personal property, namely

striking a dog. He was found guilty and ordered to pay a fine of \$20.

Lavallee and two companions were in an automobile going through Bella Grove on the afternoon of July 7th when the automobile struck a dog belonging to Helen Hyde. The animal crawled to the side of the road after being struck and died about ten minutes afterwards. Mrs. Hyde said that the driver of the auto slowed down, turned around and started to laugh, but did not come back until that night when he called at her house and said he was willing to settle for the dog.

The defendant, testifying in his own behalf admitted striking the dog but said when he saw the animal run away he did not think it necessary to stop, but upon learning that the animal was dead he immediately went to the woman's house and offered to make restitution.

Alma Pittas, who owned the automobile which struck the dog, was charged with violating the automobile law by not having the machine registered, using garage numbers on the machine. He was ordered to pay a fine of \$5.

**Other Cases**

Romulus Dubois Gaurin, charged with drunkenness, was given a sentence of five months in the house of correction. His appeal was denied.

Paul Pelletier who was before the court yesterday charged with failing to provide for his children, reappeared in court this morning and when his wife said that she would give him one more chance to do better the court imposed a sentence of four months in the house of correction and then suspended it.

Albert Duchesne was charged with drunkenness, but the matter was continued until tomorrow morning and there was no indication when Major General Goethals, manager of the shipping board's emergency fleet corporation would proceed with his plans for re-estimated yesterday.

The delay in going ahead in shipbuilding is charged by Gen. Goethals directly to Chairman Denman. Although Mr. Denman contends that the shipping board is not seeking to hamper Gen. Goethals in any way.

American Red Cross war finance committee, to do their part in helping the "mule work in the military and mass of the firing line look to us for aid."

The French prepared for 900,000 wounded for the spring offensive, it is pointed out, and to prepare for our wounded the Red Cross must avail itself of every dollar it can get. For want of something better, newspapers have been used to tie up the wounds of soldiers abroad. When our boys are wounded—and surely they will be—we go going to let them suffer still more through our neglect? To withhold a Red Cross dividend means withholding relief from our wounded.

**GERMANY DENIES THAT RELATIONS WITH ARGENTINE HAVE BEEN BROKEN OFF**

BERLIN, July 17.—via London.—Germany hopes that the affair of the torpedoing of the Argentine steamer *Toro* will be settled amicably, according to a dispatch today. The German government denies that relations had been broken off, the government saying that it had not yet replied to the Argentine note.

## SHIPBUILDING PROGRAM AT STANDSTILL

WASHINGTON, July 17.—The government shipbuilding program continued at a standstill today and there was no indication when Major General Goethals, manager of the shipping board's emergency fleet corporation would proceed with his plans for re-estimated yesterday.

The delay in going ahead in shipbuilding is charged by Gen. Goethals directly to Chairman Denman. Although Mr. Denman contends that the shipping board is not seeking to hamper Gen. Goethals in any way.

The shipbuilding program, whose members and employees are directors of the fleet corporation, and control its stock, probably will be called together to go over Gen. Goethals' plans. No one on the board would say today whether the general manager's program would be approved.

The delay in going ahead in shipbuilding is charged by Gen. Goethals directly to Chairman Denman. Although Mr. Denman contends that the shipping board is not seeking to hamper Gen. Goethals in any way.

## U.S. COLLIER DRIVES OFF BIG U-BOAT GERMAN

AN ATLANTIC PORT, July 17.—The bombardment of St. Michael's, Azores, on July 4 by a German submarine was at first thought to be a Fourth of July celebration by American naval ships in port, said the captain of a British steamship from Lisbon and St. Michael's, which arrived here today. The firing began early in the morning, he said, but as the shells commenced to explode over the city the town that it was the Independence day program was quickly dispelled.

An American collier in port returned the submarine's fire with such precision and volume that the undersea craft soon submerged. The British steamship captain, who was an eye witness of the fight, said the U-boat was 300 feet long and carried two guns. One girl and a man were killed in St. Michael's by the German shells.

## EXCURSION TO REVERE

The regular Tuesday excursion to Revere beach which the Bay State Street Ry. conducts in the summer months was held this morning. Two carloads left the square at 8.15 and will return early this evening. There were no other outings today. A large number are scheduled for next Saturday.

## RED CROSS APPEALS TO CORPORATIONS

NEW YORK, July 17.—The fact that millions of dollars in Red Cross dividends declared by corporations have not been paid over to the organization by the recipients was made known in an appeal to the shareholders in such corporations, issued here today by the

## ATTACK HOOVER IN SENATE

WASHINGTON, July 17.—A wrangle over the appointment of Herbert C. Hoover as food administrator occupied virtually all of yesterday's debate in the senate on the food control bill, but meantime considerable progress on compromise amendments was made by the leaders in bi-partisan conferences.

For more than two hours Senator Reed criticized Mr. Hoover. Senator Capper, defending the food administrator as a patriotic and efficient official.

Leaders of both parties agreed upon an amendment creating a board of food administration in lieu of one-man control provided in the house measure. Most of them also agreed upon limiting the control legislation to food, feeds and fuels, the latter to include gasoline and kerosene.

Senator Reed declared that if the government was to spend millions for a food control administration the authority should be vested in somebody "who knows something about it."

The instructions prepared by Mr. Hoover for housewives of the country were ridiculed by the Missouri senator as a sarcastic attack, which caused laughter in the chamber and galleries and necessitated frequent calls for order. Commenting on the advice against eating a fourth meal, Senator Reed said: "Average American is happy to get three."

He declared Mr. Hoover's attempts to influence legislation had been "bold, open and notorious" and referred to him as a "J. Rufus Wallingford."

He said that the interests backing Mr. Hoover were holding up the final enactment of the first food survey bill because it would interfere with "certain operations which Mr. Hoover heretofore has performed."

Senator Reed cited published articles regarding what he termed "gambling operations" of Mr. Hoover—in buying American foodstuffs for the Belgian relief commission.

"I have made it clear," he said, "that I have not indicated that Mr. Hoover conducted these operations for his own profit—not one penny—but I deny that it is right to rig the market and make gambling profits, forcing up the price of food to Americans, even to feed needy portions of our other laws."

Defending Mr. Hoover, Senator Phelan pointed out that the Missouri senator had not denounced the food administrator's ability or impeached his integrity.

"The senator from Missouri, accustomed to trial of jury cases, has introduced in this matter a long and address entertaining if not convincing. He did not say Mr. Hoover lacked experience."

Senator Phelan denied that the Belgian commission ever speculated in food. The nearest approach to speculation, he said, was when a cartload of shipload was bought and means of transportation could not be secured, it was sold at a profit if possible for the relief fund.

**PROBATE COURT**

Judge George F. Lawton presided over the uncontested session of the probate court held at the local court house in Gorham street this morning. Only routine business was transacted. The following wills were admitted: Dora A. Fairbanks, Velleine Motiver and Adeline Couture of this city; administration, Wilfred Davis, Lowell.

The session of the court for uncontested cases.

**HOP TO SALVAGE LINER**

NEW YORK, July 17.—Prospects for salvaging the Norwegian-American liner, *Kristianstad*, ashore near Cape Race, N. E., are good provided the fair weather holds out until adequate wrecking equipment arrives, according to the advice received at the offices of the line here from the vessel's captain. The captain reported that divers have examined the vessel and found that she was damaged only in the forward part.

**AMERICAN SCHOONER TORPEDOED**

WASHINGTON, July 17.—News of the torpedoing of the American schooner, *Childe Harold*, in European waters, June 20, reached the state department today in a message from Montevideo announcing the safe arrival there of the schooner's master and crew of eight. The survivors were taken up in boats after their vessel went down by a submarine, and were sent down by the Uruguayan capital.

**DIFFICULTIES IN SPAIN**

PARIS, July 17.—"I am most optimistic in regard to the existing difficulties, which already are being settled," said Premier Dato of Spain as quoted by a special correspondent of the Paris Journal.

Interviewed by a correspondent of the Matin, the premier said the government had taken precautions in view of possible disorders on Thursday when members of parliament are expected to meet in Barcelona in defiance of the wishes of the cabinet. The premier assured the correspondent that there would be no disturbances.

**PRESIDENT OF CHINA IN HOSPITAL**

PEKING, July 17.—Tuan Chi-Jui who commanded the republican forces which defeated the attempt to restore the monarchy, has definitely assumed the premiership and also has taken over the war portfolio.

President Tuan Hung has announced his decision not to resume office. He has entered the French hospital and is under treatment for a slight internal complaint. It appears, however, that his resignation was induced not by illness, but by a disturbing incident at his residence at 6 o'clock this morning. One of the guards ran amuck with a sabre, killed a colonel and two soldiers and wounded a captain and a soldier. Taking the pistol from one of his victims he fired several shots.

## PLOT TO POISON CATTLE AND BURN BUILDINGS

KEAMATH FALLS, Ore., July 17.—Evidence of wholesale poisoning of livestock and attempts to burn farm buildings in this district has been uncovered by federal agents who are conducting an investigation here into the responsibility for a fire which last Sunday destroyed a large flour mill and a quantity of grain. It was announced today by Assistant United States Attorney J. H. Carnahan.

After the first of the headquarters here of the Industrial Workers of the World was raided and 40 members of the organization were arrested.

## NORFOLK STATE HOSPITAL OUT-PATIENT CLINIC

The Norfolk State hospital out-patient department will hold its monthly office hours in the aldermanic chambers at city hall tomorrow evening, July 18th, between the hours of 6 and 8. These office hours are held for the admission of alcoholic and drug users and for the purpose of consulting with those who may be interested in the reclaiming of men given to the excessive use of alcohol and drugs. Applicants may be admitted voluntarily without recourse to the courts at these office hours. Dr. Irwin M. Neff, superintendent of the hospital, and Mr. Thomas F. Foss of the out-patient department will be in attendance on Wednesday evening.

**PROBATE COURT**

Judge George F. Lawton presided over the uncontested session of the probate court held at the local court house in Gorham street this morning. Only routine business was transacted. The following wills were admitted: Dora A. Fairbanks, Velleine Motiver and Adeline Couture of this city; administration, Wilfred Davis, Lowell.

# U.S. TROOPS AT FRENCH CAMP

**AMERICAN TRAINING CAMP**  
Somewhere in France, July 17.—The American general arrived Sunday evening and yesterday began supervising the initial work of his troops, who are now nearly all here. At noon yesterday the general commanding the French

The scene was impressive, the more so because of being staged in a quaint little village which turned out to be the first of its kind in the country. The new-comers who they hailed as sailors. The army is fast getting down to work and is now being drilled by swarming officers with squads bound up from the training places, or with supply columns. The people of the town are very glad to see the soldiers with great enthusiasm and the Americans also have language difficulties.

The troops almost without exception have been billeted about the country side and are fast getting accustomed to the French ways of living. Beautiful weather has assisted materially.

The American general yesterday afternoon paid a visit to all the positions occupied by his men.

**CAPT. JOSEPH M. LEWIS' DEAD**

## GERMAN SITUATION

Germany may be compared to a sinking ship having several boats in tow and liable to be pulled into the speckling depths. Austria is evidently beginning to see the actual situation and is inclined to pull back to save herself. What is true of Austria in this respect is equally so of Bulgaria and Turkey, but these states are so completely under German domination that they cannot make an effective protest.

This is the psychological moment for Austria, and if she waits any longer to cut the bond that binds her to Germany she will share the fate of that much hated empire.

Unless Austria wishes to share the indemnities to be piled upon Germany at the end of the war, she should withdraw from her partnership with Germany in this war and withdraw now.

The young emperor will have to pay his share of the penalties to be imposed upon Germany when treating with the victorious allies.

Count Erzberger started the spirit of revolt in the reichstag after a conference with Emperor Charles, and now a former minister in the Austrian parliament has caused excitement by stating the fact that the hate of the entire world is directed against Germany and that for this reason Austria should sever all connection with her ally.

This statement may not have any immediate result, but it shows the trend of public sentiment relative to the war.

There can be no doubt that Austria is suffering from privations and that the hope of victory has completely vanished. The longer she continues to follow the lead of Germany the worse will it be for her in the end. As for Turkey and Bulgaria, they are not sufficiently independent to oppose Germany in anything. Their armies are largely officered by Germans and their policies are to a great extent shaped in Berlin. These states are but the abject pawns of the German scheme of a central empire from Berlin to Bagdad and beyond.

The ministerial changes made at Berlin will not help the situation. They are intended to bolster up the tottering military power. It is true that Chancellor Bethmann-Hollweg has been retired and another man put in his place who, like him, will pursue the policy approved by the militarist clique. The new man comes to the office with the advantage of being comparatively unknown and of not being identified with any of the contending factions. That is apparently all he has to commend him as a harmonizer, but being the choice of the militarists, he must do their bidding and hence may be expected to work against the interests of the people who want peace, who want the military program put aside and steps taken to meet the actual situation that confronts the nation rather than allow conditions generally to become more desperate.

Some of the German newspapers have started a plebiscite upon the aims of the war, as the people do not know what they are fighting for, now that the pan-German program must be abandoned. General von Hindenburg, the Kaiser's favorite, says that Germany will yet win a military peace that will compensate for all her sacrifices. If that be true, there are a great many false prophets in the countries of the entente allies and even in the United States. Hindenburg is fooling himself as well as the German people. If he believes this statement, he will very soon have a rude awakening.

## INSURING THE SOLDIERS

The government proposition to insure the soldiers and sailors who serve in this war, is one of the most important steps forward yet made in connection with the conduct of the war. It is a just recognition of the services rendered to the country and the burden will fall upon those who benefit by the war rather than upon the relatives of those who give their lives or suffer disability in the country's cause.

As outlined by Assistant Secretary of Commerce Sweet, the plan is as follows:

"That protection for a definite amount, not exceeding \$4000, should be automatically furnished to every one in the military and naval service of the United States, without regard to rank and without expense to the insured; that such insurance or protection should cover partial and total disability as well as death; that no medical examination should be required except that necessary for admission into the service; that all losses should be paid in regular installments; that all adjustments should be made with the least possible delay; and that a limit, analogous to statutes of limitation, should be fixed for the correction of records and the presentation of claims.

"As concrete evidence of the government's obligation a certificate or policy might well be given to each soldier and sailor. This would materially add to its moral influence."

It is also proposed that the same bureau be authorized to offer protection to the amount of \$5000 in death and casualty benefits to each of the soldiers and sailors on terms as favorable as those that might be given in times of peace. It is believed that

this can be done by the government without material loss.

By adopting this mode of insuring the men in service the government would take on an enormous burden, but it would be better for the families and the country alike, as it would remove the pension scandals by which undeserving parties have taken large amounts from the national treasury.

## THE DRAFT REGULATIONS

Today The Sun gives the full information relative to the draft as given out by the exemption boards. Readers should cut it out and keep it for future reference. The red ink numbers will be eagerly sought when the draft order arrives. The exemption and district appeal boards will certainly have plenty to do during the period of selecting the first quota.

The men or the organizations who proclaim their loyalty to the flag with certain reservations are not deceiving anybody. Those men should not claim to represent anybody but themselves. No man can serve two masters, and he who tries is loyal to neither.

## SUNDAY ACCIDENTS

Sunday had its crop of fatal and other accidents. It seems that some people, especially on Sunday, are bent on pleasure. It would seem also that they forget to adopt the most ordinary precautions for their safety with the result that one is killed here, two or three there and half a dozen are sent to hospitals seriously wounded. Who is to blame for this state of affairs? Nobody except the chauffeurs and the victims of the accidents who allowed their lives to be placed in such jeopardy. If the speed craze be kept up on Sundays, those who value their lives will have to stay at home.

## DEFEATING THE SUBMARINES

From Baltimore comes another report of a method of destroying submarines, said to have been invented by a professor of Johns Hopkins university. The announcement may be based on conjecture or upon unreliable data, but if any invention of worth be made, for this purpose, it is not the proper thing to publish it to the world. Such publication may cause the Germans to set to work to put it into effect before we can get it out or else to provide a means of defeating it. Here is where the work of the censor is needed.

The loss of the British battleship Vanguard while at anchor in port is a serious disaster. The cause is said to have been an internal explosion but if the truth were known it may be the work of some German spy.

## SEEN AND HEARD

The man who agrees with everyone is never asked for an opinion.

The Kaiser must take care of his dear son first—even if they have had family scraps now and then.

Slackers are committing crimes to be jailed and escape conscription. They're fulfilling the formula for cowards.

Why should the German crown prince be so excited about a second hand crown? They'll not be wearing them next season.

Checking a Skid  
When you are driving an automobile and it begins to skid the skidding will be checked if you will immediately turn the steering wheel in the direction you are skidding. When there is a momentum tending to turn it about the center of gravity. When the forces about the center of gravity are balanced the car will not skid.—American Boy.

Impossible Paragraphs  
You are invited to a banquet to celebrate the raising of your salary. The mortgage on your old house has been lifted and your friends ask your kind acceptance of an automobile. Please do us the favor to accept a new house and lot in the most desirable residence section. As a slight token of our sincere appreciation. The bank is pleased to inform you that hereafter it will only charge you storage on the notes it has on hand against you so long.—Atlanta Constitution.

Democracy  
War Sec. Baker said: "Ours will be the most democratic army in the world, for ours is the most democratic country."  
"A millionaire, as he climbed into his limousine, snarled at a newsboy: 'No, I don't want any paper. Get out!'"  
"Well, keep your shirt on, boss," the newsboy answered. "The only difference between you and me is that you're makin' your second million."

## The Most Interesting Way to See the Best of Yellowstone Park.

Do you know that the most remarkable scenery in Yellowstone Park is to be found along the new Government-built Cody Road?

Cody is in the center of a most interesting mountain country. It is there that the famous old scout "Buffalo Bill" had his home ranch, and it was for him that the town was named. The Cody entrance to the Park is made by automobile, along the towering granite wall of Rattle Snake Mountain through that mighty chasm, the Shoshone Canyon, and over beautiful Sylvan Pass.

You can take the Cody Road either going or coming—the cost is no more, so do not fail to include it in your program—reached directly by Burlington through trains.

You are invited to call, or correspond, so that we may tell you all about the Yellowstone Park Tour, the "Cody Road," and about the long limit, liberal stop-over, very low summer vacation tickets. I'd be glad to help you plan your trip so that you can make the most of it and send you illustrated booklet.

Alex. Stocks, New England Pass. Art. Co., B. & O. R. R. Co., 264 Washington Street, Boston.

while I'm still workin' on my first."

—Washington Star.

## New Methods

An enterprising man opened a shop. It was next door to a man who kept a shop of the same description, but who was not very pushing in his business methods, preferring to jog along in the old conservative way.

The methods of the newcomer, however, caused the old trader to wake up, and, with the spirit of originality which he becomes possessed when he over his shop with the words: "Established 50 years," painted in large letters.

But the newcomer replied to this with a notice over his shop to the following effect: "Established yesterday; no old stock."—Pittsburgh Dispatch.

## Keeping One's Temper

If you get mad because things don't go your way it is a pretty good sign your way is not the true way. It very often happens that a man's good intentions are tainted and ruined because he becomes incensed when others do not agree with him. A true service keeps one kind and friendly. Whenever we see among our correspondents one who is greatly irritated at another and attempts to burn him on him we feel quite sure the doctrine he espouses is all wrong. When we read a contribution in controversy we throw it aside immediately upon seeing an angry thrust, for we say to ourselves truth does not lie that way. When a man asks us to do something we don't feel inclined to do and gets mad at us, usually the we are quite certain we did just right.

Weak persons who set a certain way simply because they are asked to. One should always have faith in what he does.—Ohio State Journal.

## The Power of the Nickel

"The power of the nickel," that one time famous piece of coin, has faded away and while many are kicking over the fact that car fares have jumped to six cents, the power of a nickel has decreased more in other cases. Once upon a time the familiar cry "Shine a nickel, a half a dime" was heard on all parts of the city, but now the shine costs a dime. Again a short time ago a person could go to any confectionery store and partake of a delicious glass of ice cream for a "nick." Not so now, the same drink has doubled in price. The purchasing power of the nickel has also "gone back" in many other instances, and while none of us rejoices at the increase for riding on the electric we must all admit that it is better to pay six cents than ten, the course followed.

# SANFORDS GINGER

Makes life worth living through hot weather for those who suffer from heat, exhaustion, insomnia, poor stomachs, weak bowels or nerves.

A delicious combination of ginger and aromatics for the relief of cramps, pains, colds, chills, weakness, nervousness, and insomnia. Look for the Old Trade Mark on the wrapper, just you get a cheap, worthless or dangerous substitute. Forty-five years the standard of purity, flavor and strength. Sold by all druggists and grocers.

lowed in the various other lines, when it was found necessary to ask more money to meet the increased cost in labor, etc.

## Goss

His Panama hangs on the hall-rack, there's the ghost of his step on the stair, And his room breathes so strong of his presence I find myself seeking him there. And I say to his pictures, "He's left strong upon him, I say to his books, 'We're alone,' And my eyes fill with tears, and my heart's sick with fears. But we couldn't keep Jimmie at home."

It wasn't for honor or glory, it wasn't for love of the fray; The war seemed a gray growing horror, coming nearer and nearer each day. For the children of Europe were slaughtered, and Columbia, hearing their moan, Sent a far-reaching call for American—ALL. And we couldn't keep Jimmie at home.

Who can judge of the limits of loyalty? Who can say of what loyalty's made? And this feeling of man for his country, it's something the God of heaven gave. It's bigger and finer than self is, upon it our ideals have grown; It's American blood, and it's true to the end. And we couldn't keep Jimmie at home.

So we're here with the ghost of his presence, and the pictures and books in his room, And his Panama hangs on the hall-rack, and we say, "He'll be coming home soon." And we're thinking thoughts in the night watches that thousands of others have known. But we're thinking that, and we're doing our bit. And we didn't keep Jimmie at home. —Catherine Powers, in the Boston Globe.

## ARRIVAL OF BORAX BILL EAGERLY AWAITED

Mules are balky. They are stubborn and sometimes very disobedient. There is a reason for everything—says Professor Hamman, the psychological analyst and writer. "Even under an unlucky star, 'with no ancestors, a bag of and no hope of posterity, the mule broods on his unhappily lot."

"I know the mule and I'm sorry for him," says Borax Bill, the famous driver of mule teams. "He is unhappy in his mind. He can't look back on a long list of ancestors because he hasn't any such. He is a hybrid and any hybrid whether rational or irrational has a short temper, is usually tricky and difficult."

Borax Bill, one of the most celebrated drivers of the Far West, will parade here tomorrow showing how the 20-mule teams haul borax from Death Valley, California, and giving a practical demonstration of the uses of the "jerk line." The jerk line is a single strap 120 feet long running from the first mule in the team of twenty to the driver's hand as he rides on the nearside last mule. Each mule is trained to know his own name and part in the work and responds to the jerk-line accurately. A long, steady pull means turn to the right and a series of jerks turn to the left. Each mule has a definite position on the chain and in the morning when being hitched up moves to his position without orders from anyone. When one of the team falls in response in the morning "Borax Bill" who understands them thoroughly, is aware of physical disturbance among his pack and as he is a practical veterinary, administers treatment and restoratives on the spot.

## HOTEL WILL GIVE WAY TO LEATHER BUSINESS

BOSTON, July 17.—Boston will soon witness the passing of one of its famous institutions. The United States hotel, celebrated as a hostelry for over 80 years, has been sold for \$1,500,000, and in its place will in the near future be erected a shoe and leather business.

The real estate transaction is the largest reported this year. The estate on Beach street comprises 48,877 square feet of land with buildings valued for \$951,700. The purchaser is Alton W. Perry of Rockport, who now becomes the second largest real estate holder in Boston.

In its picturesque history the United States hotel had housed such famous personages as Daniel Webster and Rufus Choate, and bears upon its old registers the names of men famous in Massachusetts politics and many merchants from England, Turkey and Cuba.

This hotel of country-wide fame has at last yielded to the changes in the locality and the huge influx of commercial and mercantile houses. The United States hotel grew out of the old Boston hotel, which was founded in 1825 by Ural N. Crocker and others, largely through the efforts of Daniel Webster, whose offices were at 10 Tremont street at the time. The land on which the hotel was built is said to have been purchased for \$32,000.

The Beach street hostelry has the distinction of being the only existing public house, with the exception of the Quincy House, which antedates the steam railroad. The Beach street front of the hotel was built in 1825. The Kingston street and Lincoln street fronts were added about 20 years later.

For a great many years the house was the largest hotel in Boston. In the old days its reputation for comfort and convenience was a byword among travelling men and famous visitors to this city.

Charles Dickens was entertained there more than 70 years ago by

We've been doing a wonderful business. Hundreds of men have wisely profited by this sale.

## JUST A WORD OF WARNING—

Not a Suit of the qualities offered in these lots can be bought another season for less than \$5.00 to \$10.00 additional.

## These Are What We Offer

Rogers-Peet's and Society Brand Suits, sold up to \$32.00,

**\$14.50**

Young Men's Suits, Sacks and Belters, sold up to \$13.50,

**\$9.50**

# Putnam & Son Co.

166 CENTRAL STREET

Charles Sumner. In the early days the entire structure was lighted by candles and whale-oil lamps.

The hotel was built before the days of elevators, and for this reason was only four stories high. Its original front on Beach street still stands, but additions known as the "Texas" and the "Oregon" were built when those states were admitted to the union. In the old days conspicuous of painting were went to room through the building, which contained fine examples of the modern school. A gorgeous painting, "Under the Dome," by A. Wiedenbach, always attracted a great deal of attention. Many of the paintings in this historic Boston landmark are oddly framed.

In the heat of the great Boston fire of 1872 the United States hotel was spared. But now a much more powerful opponent has approached. The onslaught of big business demands it, and the United States hotel must go.

## BODY RECOVERED

The body of Vincenty Fallacki, eight year old son of Mr. and Mrs. Michael Fallacki, of 17 Howe street, who was drowned in the Merrimack river near St. John's hospital Friday afternoon, was found in the river to-

posited Kenwood last night by Carl Sorenson and William Collins, who were fishing and saw the body near the bank entangled in some bushes. They notified the police and the body was removed to the funeral parlors of Undertakers A. H. McDonough Sons where it was viewed by Medical Examiner T. B. Smith who pronounced death due to accidental drowning while swimming.

## He Works in the B. & M. Car Shops

Oliver Theberge, 210 School St., Lowell, Says Plant Juice Benefited Him

It used to be considered that only indigestion and dyspepsia were to be traced to the stomach, but in this age of the enlightenment, modern science proves that many diseases have their beginning in the disordered state of this most important organ.

Therefore, when your stomach is out of order, you can understand how quickly your entire body is affected, thereby affecting other organs which then fail to perform their proper functions. If you are suffering from any of the symptoms of stomach trouble—indigestion, dyspepsia, gas on the stomach, headaches, backaches, coated tongue, bad breath, constipation, liver or kidney trouble or rheumatism, it is then time to begin the use of Plant Juice, the new herbal stomach remedy, which stands the highest of any preparation now on the market, because its remarkable curative powers have been proved in thousands of cases, where other remedies have failed to give relief, according to the signed testimonials of local people who have been restored to health after years of suffering.

Recently, the signed statement of Mr. Oliver Theberge, who resides at No. 210 School street, and is a popular employee of the B. & M. car shops, and is also prominent in labor circles in Lowell, was received. He said:

"I have been troubled for about a year with my stomach. I was bloated with gas, could not retain solid food in my stomach, had headaches, was dizzy and very nervous, so that I could not sleep at night. I met with an accident about a year ago, which strained my stomach and ever since that time it has been in a very weak condition. I was badly constipated, and never could get any medicine to give me relief until, upon the advice of a friend, I began to take your Plant Juice. Now, after three weeks I can honestly say that I am greatly improved in every way. I sleep well, have no more headaches, and feel refreshed and rested in the morning. I am now able to work all day and feel fresh at night. I most highly endorse Plant Juice."

The Plant Juice Man is at Dow's, the Druggists, in Merrimack Square, Lowell, where he is daily meeting the local public, and introducing and explaining the merits of this remedy.

# INFORMATION FOR ALL WHO REGISTERED

The following bulletin of information for persons registered in the war department and is signed by the provost marshal general:

## LOCAL BOARDS

In every county in the United States and for every city of over 30,000 there are one or more local exemption boards. Each of such boards is in charge of the registration cards of persons registered in the area over which the board has jurisdiction, and has jurisdiction of all claims for exemption except those based on industrial grounds, and out of which has your card and where the office of each board is.

## DISTRICT BOARDS

In every federal judicial district there are one or more district boards having appellate jurisdiction over a number of local boards and having jurisdiction of claims of exemption on industrial grounds. If you intend to make a claim on industrial grounds, including agriculture, learn what district board to apply to.

## RED INK SERIAL NUMBER

Every board has numbered the cards in its jurisdiction with red ink in a series running from 1 to the number representing the total number of cards in its jurisdiction. List showing the names of persons in the jurisdiction of each board and the red ink number of each card are open to inspection at the office of each board.

## ORDER OF LIABILITY

These red ink numbers are to be drawn by lot to determine the order in which registered persons are to be called by the various local boards. As soon as the drawing is complete lists showing the order in which these red ink numbers are drawn will be published in the press, and will be posted at the office of each local board.

## SEVEN DAYS TO FILE CLAIMS OF EXEMPTION OR DISCHARGE

(a) No claim of discharge on account of the industry in which you are engaged can be decided by a local board. (See Par. XV, below.)

## PROVING YOUR APPEAL

You have five days after the district board receives your notice that you have filed a claim of appeal in which to file evidence in support of the claim. You in the local board, but all such evidence must consist of affidavits.

## DECISIONS ON APPEAL

The decision on your appeal must be made within five days of the closing of proof, and you will be notified by mail of the action of the board on your appeal.

## CLAIMS FOR DISCHARGE ON INDUSTRIAL GROUNDS

Only the district board can receive claims for discharge on industrial grounds. If you are engaged in industry, including agriculture, found to be necessary to the maintenance of the military establishment, or to the maintenance of the military forces, or to the maintenance of national interest during the emergency.

## PROOF IN SUPPORT OF INDUSTRIAL CLAIM

Only affidavits can be used in filing proof before the district board of a claim for exemption on industrial grounds. All such affidavits must be filed within five days after the filing of the claim.

## DECISIONS OF DISTRICT BOARD ON INDUSTRIAL CLAIM

Within five days after the closing of proof in any industrial claim the district board must make its decision. If the decision of the district board is in favor of the claim the board will issue a certificate of discharge. If the decision is against the claim the district board will so notify you.

## APPEALS OF INDUSTRIAL CLAIM TO THE PRESIDENT

Only decisions of district boards on industrial claims for discharge can be appealed. If you desire to appeal the decision of the district board to the president, you may do so within seven days of the closing of the district board's decision of the district board. To perfect your appeal—

## TEN DAYS AFTER FILING CLAIM TO FILE PROOF

Your claim of exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. After you have filed your claim for exemption or discharge you have ten days within which to file proof.

## THE METHOD OF PROVING CLAIMS IS VERY SIMPLE, BUT IT IS RATHER EXACT

The method of proving claims is very simple, but it is rather exact. It follows the rules given below you will have done what is required of you.

## FIRST. GO TO THE LOCAL BOARD AND FORM NUMBER OF THE AFFIDAVITS THAT YOU MUST SUBMIT FOR YOUR PARTICULAR CLAIM

First. Go to the local board and form number of the affidavits that you must submit for your particular claim. Second. Ask the board for the blank affidavits that are necessary in presenting your claim. If the board has not the forms, ask to consult the pamphlet of forms.

## THIRD. HAVE THE AFFIDAVITS PROPERLY COMPLETED AND RETURN THEM TO THE BOARD WITHIN THE TIME LIMIT ASSIGNED YOU—10 DAYS FROM THE FILING OF YOUR CLAIM

Remember: You must submit your proof in the prescribed form and the board has no authority to exempt or discharge you unless you submit all the affidavits required by regulations.

## WHEN CLAIMS ARE DECIDED

Every claim for discharge or exemption will be decided by the local board within three days after your affidavits have been filed.

## CERTIFICATE OF EXEMPTION OR DISCHARGE

If your claim is allowed a certificate of exemption or discharge will be issued to you. Remember: This certificate may be recalled at any time.

## ADVERSE DECISIONS ON CLAIMS

If your claim is disallowed by the local board your name will be certified and sent by the local board to the district board as one who has been called for service and not exempted or discharged. Within two days thereafter, if practicable, a list of those so certified to the district board will be given to the press with a request for publication. It will be posted in the office of the local board accessible to the public view, and notice will be mailed to the address on your registration card.

## HOW TO CLAIM AFFIDAVITS TO DISTRICT BOARDS

Claims of appeal may be made by a person within 10 days after the day when notice has been posted and mailed that such person's name has been called for service and not exempted or discharged.

## Therefore if you have been called for service and not exempted or discharged

Therefore if you have been called for service and not exempted or discharged, get or copy Form 153 or 154 for filing your claim of appeal.

## 2. Get or copy also Form 151 or 152 for notifying the district board of appeal

3. File your claim of appeal (153 or 154) with the local board.

## 4. Send your local board appeal (Form 151 or 152) to the district board

Do this within 10 days from the day when notice that your name was called for service and not exempted or discharged.

As soon as quotas are assigned to each state and each board, each board will call upon persons whose cards are in its jurisdiction, instructing them to present themselves for examination. This call will be posted at the office of the local board and the papers will be requested to print it. A notice will also be mailed to you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself. The law therefore makes it your duty to inform yourself when you are called. The mailing is for your convenience, but if the letter never reaches you, you can not make that an excuse.

Watch the lists at the office of your board and see when you are called for examination.

## PHYSICAL EXAMINATION

You must report for physical examination on the day named in your call. (a) If you are found physically disqualified the board will give you a certificate which will explain to you what your further duties are.

(b) If you are found physically qualified to do a claim for exemption within 7 days after your call you will be given 10 days after filing your claim of exemption to file proof in support of your claim of exemption. See (VII), below.

(c) If you are found physically qualified and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board as one who was called for military service and was not exempted or discharged. On the eighth day after call or within two days thereafter, copies of the list of persons so posted to the district board will be given to the press with a request for publication. It will be posted in a place at the office of the local board accessible to the public view, and notice will be mailed to you at the address on your registration card.

Therefore watch the notices posted in the office of the board about 10 days after the day you were called and make arrangements for the prompt receipt of mail.

## VII. SEVEN DAYS TO FILE CLAIMS OF EXEMPTION OR DISCHARGE

(a) No claim of discharge on account of the industry in which you are engaged can be decided by a local board. (See Par. XV, below.)

## PROVING YOUR APPEAL

You have five days after the district board receives your notice that you have filed a claim of appeal in which to file evidence in support of the claim. You in the local board, but all such evidence must consist of affidavits.

## DECISIONS ON APPEAL

The decision on your appeal must be made within five days of the closing of proof, and you will be notified by mail of the action of the board on your appeal.

## CLAIMS FOR DISCHARGE ON INDUSTRIAL GROUNDS

Only the district board can receive claims for discharge on industrial grounds. If you are engaged in industry, including agriculture, found to be necessary to the maintenance of the military establishment, or to the maintenance of the military forces, or to the maintenance of national interest during the emergency.

## PROOF IN SUPPORT OF INDUSTRIAL CLAIM

Only affidavits can be used in filing proof before the district board of a claim for exemption on industrial grounds. All such affidavits must be filed within five days after the filing of the claim.

## DECISIONS OF DISTRICT BOARD ON INDUSTRIAL CLAIM

Within five days after the closing of proof in any industrial claim the district board must make its decision. If the decision of the district board is in favor of the claim the board will issue a certificate of discharge. If the decision is against the claim the district board will so notify you.

## APPEALS OF INDUSTRIAL CLAIM TO THE PRESIDENT

Only decisions of district boards on industrial claims for discharge can be appealed. If you desire to appeal the decision of the district board to the president, you may do so within seven days of the closing of the district board's decision of the district board. To perfect your appeal—

## TEN DAYS AFTER FILING CLAIM TO FILE PROOF

Your claim of exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. After you have filed your claim for exemption or discharge you have ten days within which to file proof.

Only decisions of district boards on industrial claims for discharge can be appealed. If you desire to appeal the decision of the district board to the president, you may do so within seven days of the closing of the district board's decision of the district board. To perfect your appeal—

## TEN DAYS AFTER FILING CLAIM TO FILE PROOF

Your claim of exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. After you have filed your claim for exemption or discharge you have ten days within which to file proof.

# CHARLES GLIDDEN MADE ENFORCING THE AUTO DIMMER LAW

WASHINGTON, July 17.—Lieut. Chas. J. Glidden has been relieved from duty at Fort Omaha and appointed aeronautical officer of the northeastern department, with headquarters at Boston.

Always intensely interested in any new field of invention, the name of Charles J. Glidden is as well known in the aeronautical history of the United States as that of Santos-Dumont in France.

An expert ballistist and pilot, having made considerably more than 60 ascen-

CHARLES J. GLIDDEN

sions himself, Mr. Glidden has done much to advance the science of aeronautics, both by personal example and by financial support of the undertakings of others.

When the airplane was demonstrated to be more than a novelty, Mr. Glidden transferred his interests to it from ballooning and was one of the first men in the country to plan actively for regular aerial transportation between cities.

Born in Lowell, where he worked as a manager for a telegraph company, Mr. Glidden made the acquaintance of Alexander Graham Bell and assisted in the experiments out of which the telephone was born.

The builder of the line from Lowell to Boston—the first long-distance telephone in the world—Mr. Glidden organized the Lowell exchange and laid the foundation of a fortune.

In the development of the automobile Mr. Glidden was again a pioneer, and through the establishment of the Glidden tours, which for years held equal fame with the Vanderbilt cup race, he did much to encourage touring. He was the first automobilist to circle the globe.

Mr. Glidden has been a resident of Boston for many years.

**CUT THIS OUT**  
**SPECIAL NOTICE**  
Dr. Frederick Jacobson says that phosphates are just as essential to any man who is easily tired, nervous or irritable, worn out, or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The lack of phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphates will increase the strength and endurance 500% in a few weeks' time in many instances. For sale by F. H. Howard, P. J. Campbell, Kirkland's Drug Co.

**JOHN M. FARRELL, Auctioneer**  
Office 162 Market Street, Lowell, Mass.

## COMMISSIONER'S SALE OF REAL ESTATE

WEDNESDAY, JULY 18, 1917, COMMENCING AT 2 P. M.

Pursuant to a warrant issued by the Probate court, I will sell at public auction without limit to the person that will bid the highest and comply with the terms of sale the following described pieces of real estate belonging to Annie S. Bacon.

**LOT 1 AT 2 O'CLOCK P. M.**  
At Nos. 23 and 25 Marshall street, consists of a 2½-story double house with slate roof and 3782 square feet of land, more or less. This piece of property is occupied at present but could be put in condition and have for tenements that would rent well, but since Mr. Bacon's death it has been neglected. A little expense will make this a paying investment.

**LOT 2 AT 2:15 O'CLOCK P. M.**  
At No. 11 Marshall street, consists of a 2½-story, slate roof, two-tenement house and 3700 square feet of land, more or less. Each tenement has six rooms, city water and gas, cement cellar. Each tenement has separate entrances and rents for \$12.50 per month each; \$25.00 per month, \$300 a year, and always rented to good tenants—a good investment for you.

**LOT 3 AT 2:45 O'CLOCK P. M.**  
At Nos. 22 and 24 East Pine street, consists of two 2½-story, two-tenement houses and 7653 square feet of land, more or less. Each tenement has six rooms, city water and gas, separate toilets, cemented cellar, and rents for \$12.50 per month each; \$50 per month or \$600 income a year from this property. We will sell the two buildings and the land in one sale, as they cannot be divided without interfering with the building.

**LOT 4 AT 4 O'CLOCK P. M.**  
At No. 23 to 25 Marginal street, I will sell in one lot two cottage houses and 6295 square feet of land, more or less. Each cottage has seven rooms, city water, gas, cement cellar, and rents for \$12 per month each and are always rented to good tenants.

**LOT 5 AT 4:30 O'CLOCK P. M.**  
At No. 37 Marginal street, consists of a cottage house of seven rooms, has city water and gas, cement cellar and rents for \$12 per month, always rented. Has 3420 square feet of land more or less.

**LOT 6 AT 4:45 O'CLOCK P. M.**  
At No. 43 to 45 Marginal street, consists of a three tenement house and 8300 square feet of land, more or less. Six rooms in each tenement and rents for a total of \$43 per month. This tenement property is always rented, never idle, to good class tenants.

**LOT 7 AT 5 O'CLOCK P. M.**  
At No. 51 Marginal street, consists of a 2½-story, slate roof, two tenement house and 6300 square feet of land, more or less. Has six rooms in each tenement, has city water, gas, cemented cellar, and rents for \$12 each per month.

**LOT 8 AT 5:30 O'CLOCK P. M.**  
At No. 107 Stevens street, corner of Troy street, I will sell the residence of Annie S. Bacon, consisting of a 2½-story house of 11 rooms, and barn, that have slated roofs and 11,000 square feet of land, more or less. There is a front porch on Stevens street and 150 feet on Troy street. The house is substantially built on a granite foundation and has broad piazzas. The first floor has front hall, parlor, sitting room, den, dining room, kitchen and store room. The second floor has six sleeping rooms, bath room with open plumbing and three rooms on the third floor for storage. The parlor and sitting room have fireplaces built in; there is a china closet in the dining room; home has high posted cement cellar with bulkhead, is steam heated, has electric and gas light, hot and cold water, and is in good repair, inside and out. The barn has stalls for two horses, large carriage room and loft. The lot has a granite border all around, has stone steps, concrete walks, and driveways.

The grounds are laid down to a lawn with shrubs and shade trees, some cherry and pear trees, beautiful shade trees on the street, about two minutes to electric car line in a good locality. Come and look it over, as it must be sold to the highest bidder.

Terms of sale—\$200 must be paid as a deposit on lots No. 1, 2, 3, 4, 5, 6, and 7; \$500 must be paid as a deposit on lot No. 8 as soon as sold; other terms at sale.

MARCUS T. PIERCE, Commissioner.

McINTIRE & WILSON, Attorneys.

# MANY THRILLS IN HENRY SOSVIELLE'S LIFE

A tale of adventure that would reflect credit on the imagination of a Jack London is that of Chief Master-at-Arms Henry Sosvielle, U.S.N., one of the officers stationed at the local naval recruiting station in Northmarket square. Everything commonly associated with the adventurous side of the life on the deep has been experienced by the local official. Storms, land battles, and even volcanic eruptions are nothing new to him, and

HENRY SOSVIELLE

the mere recital of his tale is as productive of thrills as the most popular best-seller now on the market.

The story as Sosvielle outlined it to a Sun representative yesterday is somewhat as follows: He was born in Worcester, right in our own state, April 18, 1883. After spending a comparatively uneventful boyhood his first opportunity for adventure came in August, 1899, when President McKinley called for volunteers to subdue uprisings in the Philippine Islands. Sosvielle answered the call by enlisting in Co. B, 4th regiment of volunteer infantry. Like the recruits of the present time he was sent to South Framingham for training. Here he stayed three months at the conclusion of which he was sent to San Francisco. In November, 1899, he sailed from the Golden Gate on the U. S. transport Sydney, and arrived in the Philippines the following month, December.

As far as is known there were no submarine attacks on the journey, and the good Mr. Cress had not yet entered the censorship business. However, friend Sosvielle landed safely at Manila, and after disembarking he was sent immediately to the firing line at San Mateo, Luzon, and participated in the battle in which Gen. Lawton was killed.

Sosvielle remained in the Philippines a little over a year, and took part in 10 different engagements. Finally the order was given to return to the states, and in April, 1900, his departure for San Francisco was made. Upon the arrival there Sosvielle was given an honorable discharge from the army May 31, 1900, and this ended his career as a land fighter.

Still strong for adventure, and having fostered the fighting spirit within him by his army experiences, Sosvielle returned to New York, and on August 3, 1901, he volunteered into the navy as a landsman for training, which in those days corresponded to apprentice seaman at the present time. From New York he was sent to Philadelphia on board the U.S.S. Indiana. Later he was transferred to U.S.S. Lancaster and on these two ships our hero received his preliminary training as a sailor. There was no training station at Newport in those days and the recruits received their training right on shipboard. After his initial breaking in Sosvielle was transferred to U.S.S. Alliance, and on this vessel he cruised in foreign waters and the Mediterranean.

At one visit to the island of Martinique, one of the West Indies group, a terrific volcanic eruption occurred which killed a great number of people and destroyed many of the ships in the harbor of the island. The Alliance was not damaged, however, and our hero was able to witness the eruption from the docks. It was impossible to get near the island to render any assistance and the sailors had to be content with a distant view of the calamity.

After several other adventures on this cruise the Alliance returned to New York, and here Sosvielle received his first promotion. He was appointed master-at-arms, 3d class, on the U.S.S. Wahash. Soon after he was transferred to the receiving ship at New York, and when the ship arrived here he completed his first enlistment. He was discharged as master-at-arms, 1st class, on August 2, 1905.

At this time he was again re-enlisted the day after his discharge, August 3, 1905, at the Portsmouth navy yard. He remained there until August 1, 1906, when he was named chief master-at-arms and transferred to the U.S.S. Rhode Island, at that time the receiving ship at Newport. He remained on the Rhode Island for three and a half years, and made the tour around the world on this vessel in 1907. A more exciting adventure featured this trip, but it would take too much space to recount them all here.

Chief Sosvielle returned in February, 1908, and the next August he received his second naval discharge. He re-enlisted on the same ship, however, and in January, 1910, he was transferred to the naval training station at Annapolis, Md., where he stayed for a year and a half and in June, 1911, was transferred to the station at Fort Jackson, Florida.

Before he visited the first trip which the railroad made on the overseas bridge from the mainland of Florida to the island of Key West. This bridge is considered one of the wonders of architecture and by it Key West was united to the mainland. This was in April, 1912.

In July, 1912, Sosvielle was transferred to the U.S.S. Georgia. In February, 1913, this vessel was the first ship sent to Vera Cruz, Mexico, at the time of the assassination of President Madero. The Georgia remained in Mexican waters three months. It was then ordered to Port Au Prince, Hayti, and here another three months were spent. After a second cruise to Mexico Sosvielle was transferred again to Portsmouth. From here he was ordered to the gunboat Sacramento in 1915. This vessel cruised in the West Indian, Central American and Mexican waters.

June 1, 1916, the Sacramento captured Port San Felipe, Puerto Plata, San Domingo. A number of uprisings had occurred at this place, and the capture in which Sosvielle took part was the first in 300 years. Sosvielle witnessed the killing of Capt. Herrold, and this was the last of his career as a land fighter.

Later he returned to Mexico and was in the land of our southern neighbor at the time we severed relations with Germany. Asker if the news had any appreciable effect on the Mexicans, Chief Sosvielle said one would hardly

know that it had happened if it were not for the newspapers. Civilian Mexico seemed wholly unconscious of the affair.

On March 24th of this year Sosvielle was ordered to the naval station at New Orleans and remained there until April 4th, that date he left for Boston, was assigned to recruiting duty in our own little Lowell, and is at the present time working away in an effort to have young men take advantage of the opportunity for adventure which will be even greater than his own experiences were.

This in short is the story of Chief Master-at-Arms Sosvielle. And it is a story typical of thousands of other young men who chose the navy as a career. Many people are unfamiliar with the duties implied in the title "chief master-at-arms." The officer who bears this title is really the chief of police on board a battleship. He arrests offenders and the discipline of the ship is in his hands. With the new class of men who are coming on the vessels the position is becoming less unpleasant every year.

So show what financial inducements the navy offers, Sosvielle has divulged the pay which he received at the beginning of his naval career and what he gets at the present time. When he first enlisted he received \$16 a month. At present he is drawing \$104.73 a month. And when time for retirement comes our friend will be able to depend on Uncle Sam for support for the rest of his life.

## STREETS AND SEWERS

Out of six or seven petitioners for streets and sewers only two appeared at the hearing that was held before Commissioner Morone at city hall last evening. Daniel F. Carroll asked that the sewer in Paige street be lowered to drain premises numbered 15. Mr. Carroll explained that it was the intention of the Day Nursery to build a laundry in the new home and if this is done the sewer will have to be lowered. There were no remonstrants.

James A. Kenney appeared in favor of the petition of the laying of a sewer in West Sixth street to drain premises numbered 203 and 207. There were no remonstrants.

## TWO SURVIVORS OF TORPEDOED BRITISH STEAMER PICKED UP AT SEA

AN ATLANTIC PORT, July 17.—A gunner and a fireman, who said they were the only survivors of the British steamer Daley, which they reported was sunk May 29 by a German U-boat, were picked up May 30 in a lifeboat by a British ship which arrived here today. It was said by her officers. The rescue was made, the officers said, on the trip from this port to England. The Daley was a vessel of 3025 tons gross.

PRESENT PEACE TERMS TO REICHSSTAG THURSDAY

Russian Armies Continue to Advance; Governmental Affairs Again Ruffled

4 GERMAN SHIPS SUNK, 4 CAPTURED, 3 STRANDED

Notwithstanding the change in the German chancellorship and before any declaration of policy has been made by the new occupant of the post, Dr. Georg Michaelis, the reichstag appears to be going on unchecked. The majority in favor of a declaration of peace terms, it is declared, will present their resolution on Thursday, the day after tomorrow, when the new chancellor is scheduled to speak, and will demand that he accept the

TEN STATES TO BE HEARD FROM

HOPE TO PASS AVIATION BILL TOMORROW

WASHINGTON, July 17.—With only ten states remaining to be heard from on the organization of local exemption boards and with the serial number lists of registrants from all but 619 of the 4533 exemption districts on file in Washington, Provost Marshal General Crowder was hopeful today that the preliminary stages of the war army drawing would be completed within forty-eight hours. He prepared to take up with Secretary Baker later in the day details of the lottery process for final approval. If there is no unexpected delay it seems likely that the drawing can be held Friday or Saturday. A single district which fails to finish its preliminary work on time, however, can hold up action indefinitely. The ten states not having completed their preparations for the drawing are Alabama, Illinois, New York, Michigan, Mississippi, Missouri, Kentucky, Tennessee, Virginia, and West Virginia. The group includes the states having the largest population and probably the largest population of all ten represents somewhere near half of the population of the entire country. The fact that reports from only 619 additional districts of the 4533 are missing, however, shows that even in the states where the work is well advanced and each has only a few districts behind schedule. The entire list may be completed today. Crowder declined to make any comment on the statements made yesterday in the senate attacking the exemption board. He said that the exemption board is a bureau of population estimates upon which the allotment of quotas under the draft law is based. Other officials pointed out, however, that the revised estimates of the census bureau were not intended to fix the actual population of any community. They are based upon registration and represent the distribution over the country, and are not intended for military service. Large figures for many of the cities are accounted for by the concentration of men in the draft age there for work in munition or other plants.

MANDAMUS CASE IN SUPREME COURT

CITY SOLICITOR WILLIAM D. REGAN, CITY TREASURER FRED H. ROSENBERG AND THE FIVE MEMBERS OF THE NEW HIGH SCHOOL COMMISSION WENT TO BOSTON THIS MORNING TO APPEAR BEFORE THE SUPREME JUDICIAL COURT ON THE PETITION OF THE MEMBERS OF THE HIGH SCHOOL COMMISSION FOR A WRIT OF MANDAMUS TO HAVE THE CITY TREASURER RECOGNIZE THE COMMISSION AS A DULY APPOINTED BODY.

The members of the high school commission are Judge Francis A. E. Sullivan, chairman, and Messrs. Joseph E. Lamoureux, P. W. Kelly and Arthur T. Safford. The commission met in a joint meeting of the municipal council and school board. The majority of the council was not represented at the meeting and the city collector rendered an opinion to the effect that the commission had not been legally appointed. The commission later approved two bills, one by the New England Structural Co. and another from the Concrete and Steel Supply Co. for materials delivered to the city for the new high school. The city treasurer refused to O. K. the bills after receiving instructions from the solicitor. The commission then filed a petition with the supreme judicial court for a writ of mandamus to force the treasurer to pay the bills and also to recognize the commission as a duly appointed body.

DEATH COMES AS RESULT OF AUTO ACCIDENT

Mrs. Leandra Desjardins, aged 51 years, 3 months and 7 days, died today at her home, 101 Cabot street, as a result of an automobile accident which occurred Sunday evening at the corner of Varnum avenue and Starbird street. Mrs. Desjardins and her husband were riding in their new machine along Varnum avenue when they reached the corner and when they reached the corner of Starbird street their machine collided with a car owned and operated by L. Richard of 24 Dodge street. The result of the collision was seriously injured, although at the time it was not thought that her injuries would be fatal.

Deceased survived by her husband, her father and mother, Mr. and Mrs. Robert Dorval; three daughters, Mrs. Rose Bourde, of this city, Mrs. Josephine Chisholm of Watford and Mrs. Henriette Scannel of Pennsylvania; a sister, Mrs. J. Porter of Chazy, N. Y., and a brother, Nazaire Dorval of Michigan. All summer suits reduced to \$7.00. Dickerman & McQuade.

Four Russian Ministers Resign—Disorders in Petrograd—Four German Ships Captured By British—Important Success For French

The Russian armies are continuing their vigorous offensive in eastern Galicia and other groups of the empire's vast forces apparently are ready to spring into action at various points along the 500-mile front. Everything appears to be running smoothly with the military machine. Meanwhile Russian governmental affairs, which appeared to have been going well for some time past, are again ruffled with a cabinet disagreement. Four Russian Ministers Resign. Four ministers, including Finance Minister Shingareff have resigned because of objections to the policy decided upon by the other ministers regarding affairs in the Ukraine, which like Finland, has desires for an independent government. A meeting of the council of ministers has been called to solve the crisis and it is hoped the resignations will be withdrawn. Disorders in Petrograd. Coincidentally some reports of disorders in Petrograd instigated by the radical faction of the social democratic party as a demonstration against the government. Rival parties of demonstrators appear to have fired on each other during a parade brought about by stray shots and a number of persons were killed or wounded. Quiet was soon restored. Four German Ships Captured. The early days of the war, when German shipping was being combated up on the seven seas by the British navy, are recalled by today's announcement from London of the capture of four German steamers by British destroyers. The most notable of the vessels was a large vessel, the average of the four being about 1300 tons. The four were accompanied by two other German steamers which reached the Dutch coast badly damaged by gunfire. Important Success For French. An important success has been won by the French in the Verdun region. As the result of an attack last night, all the positions west of the Meuse river in the German hands after the attack of June 29 and 30 were recovered. German prisoners to the number not yet ascertained were taken in the action. German Attacks Fail. In the Champagne the Germans made another attack last night in an attempt to re-take their lost strategic positions at the Teton height. Gen. Petain's troops repelled the assaulting forces in disorder. British Gain Ground. LONDON, July 17.—"We gained ground slightly during the night northwest of Wirmenon," says a statement of the British War Office. "In the Neuport sector," the communication adds, "one of our raiding parties encountered a large party of the enemy in front of the German positions. After a sharp fight our troops drove the enemy back to their lines and bombarded them in their trenches."

THE STATE INSPECTOR WORK ON SUBMARINE CHASERS HELD UP

MEANS BUSINESS

BOSTON, July 17.—Efforts were made today by the state committee on public safety to bring about a settlement of a strike of 400 men at the ship yard plant of George F. Lawley & Son corporation at Neponset which is engaged in the construction of submarine chasers for the United States government. The men quit work yesterday, leaders said, because the management refused their demands for higher wages. Officers of the company said most of the employees on strike received more than \$20 a week and time and a half for overtime and that the eight hour scale was put into effect last week. The men want an advance in wages was granted. The navy department was advised that the plant had been forced to suspend operations with probable resultant delay in filling contracts. It was stated that the company was willing to confer with representatives of the strikers and accept the offer of the committee on public safety to act as a mediator.

PRES. TENER TO HELP HERBERT C. HOOVER

WASHINGTON, July 17.—Former Gov. Tener of Pennsylvania today became a voluntary assistant to Herbert C. Hoover, and was put in charge of the organization of federal societies for food conservation work. A statement issued today by the food administration shows that bread prices in the United States have advanced 27 per cent since January 1. NEW YORK, July 17.—John K. Tener, president of the National baseball league said here today that, in resigning Mr. Hoover, he does not intend to resign as head of the league or to devote all of his time to food conservation work. "I have promised to devote about two weeks to the matter," said Mr. Tener, "and will go to Washington next Monday for that purpose. There is no intention on my part to give up baseball."

GERMAN OFFICERS IN PEKING BATTLE

TOKIO, July 13.—(Delayed)—Official advices from Peking give prominence to reports that the monarchist army of Chang Tsun was offered in part by interned Germans whom he had released as part of the conspiracy to restore diplomatic relations with Germany. The battle in Peking lasted for eight hours. It is reported four Americans, one Japanese and one Italian were wounded by stray bullets. Chang Tsun's troops are said to have inflicted important losses on the republican forces.

"Lady Lookabout" "The Spellbinder" and "Quarter of a Century Ago" articles appear in the Sunday Supplement of The Sun published each Saturday.

LONGMEADOW

JOHN HARLAN, formerly golf professional at Vesper-Country Club, since connected with Park Club of Buffalo, N. Y., and Gulf Club of New Orleans, is in Lowell for Summer. He will give Golf lessons at Longmeadow the present summer. Members of club will find engagement book at Club House. On this book they may make assignments for any hour of day on any Tuesday, Thursday or Friday. The older golfers of Lowell received their first instruction from Jack Harlan. They will all speak a good word for him.

LONDON, July 17.—The admiralty announces the capture of four German steamers by British destroyers in the North sea. The steamers are the Fellworm, Bel-etch, Marie Horn and Heinz Blumberg. Two other German steamers were with the four vessels later captured when the group was signalled by British war craft. All six made for the Dutch coast and two of them reached the shore. These two were badly damaged and the crew were taken to the shore. A Reuter despatch from Ymuiden says four German ships have been sunk by British destroyers in the North Sea. Four captures, three stranded and three forced to return to Rotterdam. Since Saturday seventeen German

NAVAL RECRUITS LEAVE FOR NEWPORT

Another representation of the naval recruits from Lowell left for Newport this afternoon. The party comprised 25 young and eager men who had been on the roll for some time but who are just now to experience actual sea training. Shortly after noon the recruits assembled at the station in Merrimack square and received final instructions from Chief Yeoman Tucker. Later the O.M.L. Cadet drum corps appeared and a parade was formed in Paige street. The route of march

INQUIRY INTO THE GERMAN BEHIND FINLAND'S MOVE

HELSINKI, July 17.—The proposed promulgation whereby Finland seeks to wrest from Russia complete independence has caused extreme tension and nervousness. The situation is complicated by the diet's continued refusal to grant a full 350,000,000 mark loan to Russia and by a threat of a general strike if the diet postpones the passage of the new communal bill abolishing property qualifications. Gov. Gen. Stakovitch outlined to the Associated Press the Russian standpoint. "The seriousness of the situation today," he said, "arises from the fact that a majority of the senate in the diet abandoned legality and the principle of nationality and insists on regulating the Finnish inter-relations by the will of Finland alone. "That is not all. The new independence bill also is a flat violation of Finland's own constitutional laws. The latter require a 3-5th majority in the diet for an amendment of the constitution by quick procedure. There is no prospect of a 5-5th majority on this bill. Even if the bill is forced through by quick procedure, it is not an amendment to the constitution, but only an ordinary law, or to gain the required majority must now a compromise with the opposition, which stands in agreement with Russia."

PORTO RICO VOTES FOR PROHIBITION

SAN JUAN, P. R., July 17.—Porto Rico voted for prohibition by a big majority at yesterday's election. The vote for prohibition was 5177 for, and 2355 against, and all the other large cities were strongly on the dry side. The division of the parties in the lower house is uncertain but the unionists will have a majority. "There will be no more arrests will be the positive statement made today by county authorities investigating the mysterious murder of Edward Humphries, prominent coal operator, his wife, Mrs. Carrie Humphries and their ten year old son, Edward Humphries, Jr., last Sunday on a country road near Catronville, this county. The authorities, however, refused to say whether this announcement could be taken to mean that all further efforts would be for the purpose of connecting George C. Tompkins of Philadelphia, the fourth member of the automobile party who is in the Cambria county jail charged with the crime.

NO MORE ARRESTS IN TRIPLE MURDER

JOHNSTOWN, Pa., July 17.—That there will be no more arrests was the positive statement made today by county authorities investigating the mysterious murder of Edward Humphries, prominent coal operator, his wife, Mrs. Carrie Humphries and their ten year old son, Edward Humphries, Jr., last Sunday on a country road near Catronville, this county. The authorities, however, refused to say whether this announcement could be taken to mean that all further efforts would be for the purpose of connecting George C. Tompkins of Philadelphia, the fourth member of the automobile party who is in the Cambria county jail charged with the crime.

Tompkins continued to maintain his innocence today and reiterated his story that the party was held up and the three Humphries shot by masked highwaymen. With the arrival early today of his father, George C. Tompkins, Sr., of Clifton, N. J., and his brother, Mr. H. Tompkins, of Chester, Tompkins began preparations to fight the charge of murder preferred against him by a county detective yesterday.

NAVY HONORS AT FUNERAL OF REAR ADMIRAL HEMSLY, EMORY, U.S.N.

NEWPORT, R. I., July 17.—Naval honors were paid at the funeral services today of Rear Admiral William Hemslay Emory, U.S.N., retired on the quarter deck of the U.S.S. Constitution, where the body lay in state. Prayer was offered by Rev. Matthew C. Glendon, chaplain of the Constitution. A detachment of apprentice seamen then escorted the body to St. Joseph's church where a solemn high mass of requiem was celebrated, with Rev. Edward R. Hickey, pastor as celebrant. Bluejackets acted as bearers. The body was taken to Washington for burial in Arlington cemetery tomorrow.

KING GEORGE APPROVES WEARING OF C. S. DECORATIONS BY BRITISH SOLDIERS

LONDON, July 17.—King George today approved the granting of permission to officers and men of the British forces to wear on their uniforms decorations and medals given by the United States for war service. Sixty-one per cent of the first unit of the American legion in the Canadian army held American decorations or ribbons for service in the Spanish war or in the Boxer uprising. Many of the men in the later units also have decorations.

The local evening newspaper is the paper that reaches the home when the whole family is there. It is the Sun which this field is Lowell.

## EXILED GERMAN ON REVOLUTION

Says Sweeping Allied Victory  
Will Arouse Germans and  
Mean End of Kaiser

German Socialists Aware of  
Deception But Dare Not  
Change Attitude

NEW YORK, July 17.—A sweeping victory by the entente allies, sufficient in its effect to arouse the German people to a realization that they have been deceived, is the only thing that will bring about a revolution and the overthrow of the Hohenzollerns, according to Prof. Herman Fernau, a German journalist and author of "J'accuse," a pamphlet published in Switzerland at the beginning of the war and suppressed by that government.

Fernau, now a political refugee in Switzerland, is quoted in an interview obtained by the Swiss correspondent of the Moskoye Slovo, the text of which was received here yesterday by the official French bureau of information cabled from Paris.

"I consider a revolution in Germany possible only in event of a sweeping military victory by the allies," Fernau is quoted as saying in the interview. "The fortress of the Hohenzollerns is impregnable in appearance only, and it may crumble to pieces at an unexpected moment. The socialists have been deceived as have all others in Germany, by a conspiracy of silence since the beginning of the war, when the German government announced a French airplane raid on Nuremberg and that Russian troops had violated the frontier."

"Later on, the socialists learned they had been deceived, but they had not the courage to change their attitude. The socialist party in Germany is, moreover, a big capitalistic business. They have 25,000,000 marks invested in various enterprises, and they control several thousand officials and employees. The social democrats prefer to lose their honor rather than their money."

"On August 1, 1914, Chancellor von Bethmann-Hollweg called all the socialist leaders in Germany into conference and he told them bluntly: 'Either you will stand with us or we shall destroy your organizations.'"

"The socialists decided to support the government and continue their business."

"There is no doubt," the interview continues, "that the repression in Germany of any popular movement will be attended by civil unrest and a revolution will be the bloodiest that the world has ever witnessed. This revolution, however, will only come after a crushing defeat as only then will the people of Germany be sufficiently indignant against the Hohenzollerns and the military caste."

## GEN. E. LEROY SWEETSER TO COMMAND BRIGADE

FRAMINGHAM, July 17.—After the big crowd of visitors at the camps of the Sixth and Ninth infantry, at N. G. it was refreshing to both officers and men of the two regiments to have their camps all to themselves yesterday.

Col. Edward L. Logan, at the close of the evening parade, tendered a review to Brig.-Gen. John J. Sullivan, formerly colonel of the Ninth regiment. The ceremony was finely performed, and after the regiment had assumed its original position Col. Logan ordered the men to make a second passage at double time. Although it is many moons since the regiment had performed the movement, it made an excellent appearance. In the ceremony the recruits carried rifles for the first time.

On returning to headquarters Gen. Sullivan thanked Col. Logan for the compliment and expressed himself highly delighted with the appearance of his old regiment.

When the news was received that Brig. Gen. Leroy Sweetser had been ordered to take command of the brigade when it is called out, Aug. 25, every enlisted man of the regiment was delighted.

The 600 odd recruits were made happy yesterday by the arrival of their rifles, and today the men will have their first drill on the field and instruction in musketry.

## HIGH COST OF BEING AN OFFICER

Eighteen hundred young men who will be designated for appointment as second lieutenant in the regular army, and virtually all the students at Plattsburg, Fort Myer and similar training camps, who hope to be listed among the lucky 15,000 to receive commissions in the National army, are viewing with grave concern the high cost of being an officer.

Prices for the bare essentials have taken a tremendous jump since the declaration of war. Previous to April 6 an officer of the United States army could pick up a get-outfitted for from \$25 to \$30. Now it costs from \$22.50 to \$35.00, according to a well-known outfitter to army officers, even if the very lowest prices are quoted. His figures for different articles, as published in the Army and Navy Journal, follow:

Overcoat and raincoat.....	\$10.00
Service hat.....	4.00
Olive drab shirt.....	8.50
Service coat.....	18.50
Service breeches.....	9.00
Two pairs of shoes.....	21.00
Leggins.....	2.00
Revolvers.....	20.00
Sabre.....	12.00
Belt.....	5.00
Incidentals.....	2.50
Disputable case.....	3.00
Incidentals (and 12 mounted).....	50.00
Saddle and spurs.....	45.00
Water and bridle.....	20.00
Riding gloves.....	7.00
Mounted accessories.....	25.00
Total.....	\$325.50

## PREMIER THAN DECIDES ABOLITION EDICT IS UNNECESSARY

PEKING, July 17.—Premier Than has decided that an abolition edict is unnecessary as it would compromise the emperor. Chinese officials in the provinces, jealous of his success, are already endeavoring to weaken his power, asserting he intends to retain the emperor.

FOOD CONSERVATION  
BOSTON, July 17.—About 60,000 "enrollment" cards have been received at the headquarters of the campaign to conserve food. The campaign, started by two thousand voluntary women workers in the city and published last night.

NEWS OF THE DAY IN  
POLICE COURT

A neighbors' quarrel over children at the Debut Navy Yard yesterday morning was responsible for two assault and battery cases being tried in police court this morning. After the various witnesses had offered their testimony, all of which was of a conflicting nature, the court refused to make a finding and continued the matter for one month and refused to allow any witness fees. He said that if the principals in the case had used a little common sense, the cases would not have been brought to the attention of the court. He said that if there was any more trouble among the people of that vicinity, he would take a different attitude in the matter than he did this morning.

There were two cases, one charging Ida J. Foster with assault and battery on Della Rousseau, and the other charging Della Rousseau and Philomene Jean with assault and battery on Mrs. Foster.

The women are neighbors, residing in the Debut Navy Yard, and yesterday, it is alleged, that Mrs. Foster's children were bothering Mrs. Rousseau's children and as a result Mrs. Rousseau and her sister, Philomene Jean, started for Mrs. Foster's house to remonstrate. Mrs. Rousseau claimed that Mrs. Foster struck her over the face and head with a duster stick, and pulled a large piece of hair from the top of her head. On the other hand, Mrs. Foster said that Mrs. Rousseau struck her first and then she retaliated with the duster handle, whereupon Mrs. Jean struck Mrs. Foster over the right arm with a hoe. It was agreed by all parties concerned that Mrs. Foster and Mrs. Rousseau were clutched when Mrs. Foster put in an appearance and separated the two women. Mrs. Foster also testified that she had 13 marks on one leg and 11 on the other, all of which were inflicted by Mrs. Rousseau's dog which had been set upon her. The matron of the police station testified relative to the marks on Mrs. Foster's limbs. The court, after considering the evidence in the case,

refused to give any finding and continued the matter for one month.

**Another Assault**  
Leo J. Sherlock and John Neary, while under the influence of liquor yesterday, went to the farm conducted by Sherlock's uncle, Thomas H. Sherlock, and amused themselves by assaulting him. In court this morning each of the young men was fined \$25 for assault and battery, the complaint of drunkenness against them being placed on file. When young Sherlock was arrested he had \$63 in his possession, which the uncle said belonged to him. When the court told Sherlock to turn over the money which belonged to the uncle the defendant produced \$39.80, claiming that the remainder of the money belonged to him. Mr. Sherlock claimed that there was more money due him whereupon the court told the man that the only recourse was to enter a complaint for larceny against the young man.

**Auto Laws Violated**  
Donat Lavalley was charged with violating the automobile laws by driving away without giving his name, residence, etc. The case is set for a personal property, namely

--	--	--

striking a dog. He was found guilty and ordered to pay a fine of \$20.

Lavalley and two companions were in an automobile going through Belle Grove on the afternoon of July 7th when the automobile struck a dog belonging to Helen Hyatt. The animal crawled to the side of the road after being struck and died about ten minutes afterwards. Mrs. Hyatt said that the driver of the auto slowed down, turned around and started to laugh, but did not come back until he had night when he called at her house and said he was willing to settle for the dog.

The defendant testifying in his own behalf admitted striking the dog but said when he saw the animal run away he did not think it necessary to stop. He had no way of knowing the animal was dead he immediately went to the woman's house and offered to make restitution.

Plaintiff also owned the automobile which struck the dog, was charged with violating the automobile laws by not having the machine registered, using garage numbers on the machine. He was ordered to pay a fine of \$5.

**Other Cases**  
Romulus Dubois Guertin, charged with drunkenness, was given a sentence of five months in the house of correction. He appealed.

Louis Pelletier who was before the court yesterday, appeared to provide for his children, reappeared to court this morning and when his wife said that she would give him one more chance by having the child imposed a sentence of four months in the house of correction and then suspended it.

Albert Duchesne was charged with drunkenness, but the matter was continued until tomorrow morning owing to the fact that he is wanted in Manhattan, N. Y. for alleged murder.

Herbert White, equipped with a bag and pencils and cards, which stated he was deaf and dumb, was arrested for drunkenness yesterday by Patrolman Oscar Sheridan, who found that White could both hear and talk. White said he belonged in New Bedford and with no understanding that he would be immediately for the whaling city, he was given a suspended sentence of two months in jail.

Alfred P. Molloy, a young man who was looking for trouble in the vicinity of the Middlesex street station at midnight last night was arrested for drunkenness by Patrolman Charles White waiting at the patrol box Molloy struck Patrolman Cornelius Sullivan, but the latter made no complaint. The matter was continued until tomorrow morning in order that the probation officer might learn more about the young man.

Alma C. Brown, Norfolk, charged with cruelty to a horse, was continued for one week.

American Red Cross war finance committee, to do their part in helping the men who in the misery and madness of the firing line look to us for aid.

The French prepared for 200,000 wounded for the spring offensive. It is pointed out, and "to prepare for our wounded the Red Cross must avail itself of every dollar it can get. For want of something better, newspapers have been used to tie up the wounds of soldiers abroad. When out boys are wounded—and surely they will be—how are we going to let them suffer still more through our neglect? To withhold a Red Cross dividend means withholding relief from our wounded."

**GERMANY DENIES THAT RELATIONS WITH ARGENTINE HAVE BEEN BROKEN OFF**

BERLIN, July 17, via London.—Germany hopes that the affair of the torpedoing of the Argentine steamer *Toro* will be settled amicably. According to a semi-official note, this statement denies that relations had been broken between the government, saying that it had not yet replied to the Argentine note.

**SHIPBUILDING PROGRAM AT STANDSTILL**

WASHINGTON, July 17.—The government's shipbuilding program continued at a standstill today and there was no indication when Major General Goethals, manager of the shipping board's emergency fleet corporation, would proceed with his plans for requisitioning and speeding up construction of merchant ships building in American yards.

General Goethals transmitted to Chairman Denman of the board today information regarding his program requested yesterday.

The shipping board, whose members and employees are directors of the fleet corporation, and control its stock, probably will be called together to go over Gen. Goethals' plans. No one on the board would say today whether the general manager's program would be approved.

The delay in going ahead in shipbuilding is charged by Gen. Goethals directly to Chairman Denman, although Mr. Denman contends that the general manager is not seeking to hamper Gen. Goethals in any way.

**U.S. COLLIER DRIVES OFF BIG U-BOAT GERMAN**

AN ATLANTIC PORT, July 17.—The bombardment of St. Michael's, Azores, on July 4 by a German submarine was at first thought to be a Fourth of July celebration by American naval ships in port, said the captain of a British steamship from Lisbon and St. Michael's, which arrived here today. The firing began early in the morning, he said, but as the shells commenced to explode over the city the illusion that it was part of an Independence day program was quickly dispelled.

An American collier in port returned the submarine's fire with such precision and volume that the undersea craft soon submerged. The British steamship captain, who was an eye witness of the fight, said the U-boat was 300 feet long and carried two guns. One gun and a man were killed in St. Michael's by the German shells.

**RED CROSS APPEALS TO CORPORATIONS**

NEW YORK, July 17.—The fact that millions of dollars in Red Cross dividends declared by corporations have not been paid over to the organization by the recipients was made known in an appeal to the shareholders in such corporations, issued here today by the

## ATTACK HOOVER IN SENATE

WASHINGTON, July 17.—A wrangle over the appointment of Herbert C. Hoover as food administrator occupied virtually all of yesterday's debate in the senate on the food control bill, but meantime considerable progress on compromise amendments was made by the leaders in bi-partisan conferences.

For more than two hours Senator Reed criticized Mr. Hoover. Senator Phelan replied, defending the food administrator as a patriotic and efficient official.

Leaders of both parties agreed upon an amendment creating a board of food administration in lieu of one-man control provided in the house measure. Most of them also agreed upon limiting the control legislation to food, feeds and fuels, the latter to include gasoline and kerosene.

Senator Reed declared that if the government is to spend millions for a food control administration the authority should be vested in somebody "who knows something about it."

The instructions prepared by Mr. Hoover for housewives of the country were ridiculed by the Missouri senator in a sarcastic attack, which caused laughter in the chamber and galleries and necessitated frequent calls for order. Reed, who was provided the floor for a fourth meal, Senator Reed said the average American is happy to get three.

He declared Mr. Hoover's attempts to influence legislation had been "bold, open and notorious," and referred to him as a "J. Rufus Wallingford."

Reed said that the backing of Mr. Hoover were holding up the enactment of the first food survey bill because it would interfere with "certain operations which Mr. Hoover here-tore has performed."

Senator Reed cited published articles regarding what he termed "gambling operations" of Mr. Hoover in buying American foodstuffs for the Belgian relief commission.

"I have made it clear," he said, "that I have not initiated the bill. Mr. Hoover conducted these operations for his own profit—not one penny—but I deny that it is right to rig the market and make gambling profits, forcing up the price of food to Americans, even to feed needy peoples of some other land."

Defending Mr. Hoover, Senator Phelan pointed out that the Missouri senator had not denounced the food administrator's ability or impeached his integrity.

The senator from Missouri, accused today of trial of jury when introduced irrelevant matter to make an address entertaining if not convincing. He did not say Mr. Hoover lacked experience."

Senator Phelan denied that the Belgian commission ever speculated in food. The nearest approach to speculation, he said, was when Mr. Hoover shipped was bought and means of transportation could not be secured, it was sold at a profit if possible for the relief fund.

## NORFOLK STATE HOSPITAL OUT-PATIENT CLINIC

The Norfolk State hospital out-patient department will hold its monthly office hours in the aldermanic chambers at city hall tomorrow evening, July 18th, between the hours of 6 and 8. These office hours are held for the admission of alcoholic and drug users and for the purpose of consulting with those who may be interested in the reclaiming of men given to the excessive use of alcohol and drugs. Applicants may be admitted voluntarily without recourse to the courts at these office hours. Dr. Irwin M. Nefz, superintendent of the hospital, and Mr. Thomas P. Foss of the out-patient department will be in attendance on Wednesday evening.

**PROBATE COURT**  
Judge George F. Lawton presided over the uncontested session of the probate court held at the local court house in Gorham street this morning. Only routine business was transacted.

The following wills were allowed: Dora A. Fairbanks, Velma Nuttall and Adeline Corbett of this city; administration, Wilfred Davis, Lowell. There was no session of the court for uncontested cases.

**HOPE TO SALVAGE LINER**  
NEW YORK, July 17.—Prospects for salvaging the Norwegian-American liner, *Kristianfjord*, ashore near Cape Race, S. P., are good, provided the fair weather holds out until salvage wrecking equipment arrives, according to the advices received at the offices of the line here from the vessel's captain.

The captain reported that divers examined the vessel and found that she was damaged only in the forward part.

**AMERICAN SCHOONER TORPEDOED**

WASHINGTON, July 17.—News of the torpedoing of the American schooner, *Childe Harold*, in European waters, June 29, reached the state department today in a message from Montevideo announcing the safe arrival there of the schooner's master and crew of eight. The survivors were picked up soon after their vessel was down by a steamer bound across the Atlantic for the Uruguayan capital.

**DIFFICULTIES IN SPAIN**

PARIS, July 17.—"I am most optimistic in regard to the existing difficulties, which already are being settled," said Premier Dato of Spain as quoted by a special correspondent of the Paris Journal.

Interviewed by a correspondent of the *Matin*, the premier said the government had taken precautions in view of possible disorders on Thursday when members of parliament are expected to meet in Barcelona in defiance of the wishes of the cabinet. The premier assured the correspondent that there would be no disturbances.

**PRESIDENT OF CHINA IN HOSPITAL**

PEKING, July 17.—Tsun Chai-Jui who commanded the republican forces which defeated the adherents to the restore the monarchy, has definitely assumed the presidency and also has taken over the war portfolio.

President Li Yuan Hing has announced his decision not to resume office. He has entered the French hospital and is under treatment for a slight internal complaint. It appears, however, that his resignation was induced not by illness, but by a disturbing incident at his residence at 6 o'clock this morning. One of the guards ran amuck with a sabre, killed a colonel and two soldiers and wounded a captain and a soldier, taking the pistol of one of his victims he fired several shots.

In constructing a series of small bridges over the streams which intersect many of the roads of Sumatra, the builders used timber stringers, and made abutments of piles of barlanga filled with concrete and sand. Shortly after the bags had been put in place, heavy, soaking rains converted the whole into a mass of solid concrete.

**PLOT TO POISON CATTLE AND BURN BUILDINGS**

KLAMATH FALLS, Ore., July 17.—Evidence of wholesale poisoning of livestock and burning of farm buildings in this district has been uncovered by federal agents who are conducting an investigation here into the responsibility for a fire which last Sunday destroyed a large flour mill and a quantity of grain. It was announced today by Assistant United States Attorney J. C. Carahan that after the fire Sunday, the headquarter here of the Industrial Workers of the World was raided and 46 members of the organization were arrested.

**GIVES NAMES OF THREE AMERICANS WOUNDED BY STRAY BULLETS**

WASHINGTON, July 17.—Minister Reinech at Peking reported today the names of three Americans wounded by stray bullets when the republican troops defeated the monarchists. None was dangerously hurt. The names follow:

Corporal J. E. Cant, marine corps, received bullet wound right side of back, doing well.

Allen H. Zumburn, civilian, rifle bullet through lower left leg and another through left hip, no bones broken, doing well.

J. A. White, civilian, of Traer, Iowa, bullet wound left side of back about two inches from spine, no wound of exit, condition much improved, not serious.

The minister also reported that the rumor of the execution of Tu Li Fan is unfounded.

### LUNDBERG STREET BRIDGE CLOSED TO TRAFFIC

By order of Commissioner Charles J. Morse, the Lundberg street bridge was closed to traffic yesterday and it will remain closed until the necessary repairs to make the structure safe have been made. This morning an engineer of the Boston Bridge Works, M. F. Brown, came to Lowell and, in company with the commissioner, inspected the bridge.

Engineer Brown found that the half-inch steel beams under the flooring of the bridge had corroded to about a quarter of an inch, this being due to the heat and moisture from the many locomotives that pass under the structure.

**Sewer Extension**  
A gang of men was put to work this week on the extension of the Billerica street sewer in Eugene street, a distance of about 300 feet. The same sewer will also be extended into Garfield street. It is expected that within a few days the work of paving the Cardinal O'Connell parkway will be started.

**Large quantity of oil for the filling of streets** was received in this city today and the sprayer will get busy at once in Colonial avenue and Centralville.

**Regular meeting of the municipal council** will be held tomorrow morning at 10 o'clock. Mayor O'Donnell stated this morning that at the meeting he will recommend that a hearing be held on the proposed amendment to the so-called jitney ordinance, which was passed in this city a few weeks ago.

Several protests against the ordinance, which calls for a \$6000 bond for the operation of each jitney, were received at city hall, and as a result the hearing was referred.

The hearing will be held next Tuesday evening at city hall at 7:30 o'clock, and if it is so voted by the council, jitney owners and others interested in the matter will be invited to attend.

**School Tuition**  
The city treasurer this morning received a check amounting to \$2000.07 from the town of Tewksbury and one to the amount of \$3161.66 from the town of Dracut for tuition at the Lowell high school to residents of both towns.

**Municipal Band Concert**  
A municipal band concert will be given on the South common Thursday evening from 8 until 10 o'clock by the National band.

### ANOTHER GIGANTIC LOAN TO ALLIES SOON

WASHINGTON, July 17.—Unless the unforeseen develops, congress probably will be asked before adjournment to authorize another session to authorize another gigantic loan to the allies. The present authorization of \$2,000,000,000 will be exhausted in from three to four months at the rate which the government is lending money to entente governments.

Indications are that the amount of the second authorization will be no less than the first and may go as high as \$5,000,000,000. The amount of credits placed to foreign governments already is \$1,300,000,000, or approximately 40 per cent of the total and this covers the financing of two months and 20 days. Should the loans during the next three months be at the same rate as during the past three, the entire \$5,000,000,000 will be exhausted by Oct. 25.

Present indications are that congress will remain in session till late in October and that the war revenue bill will be among the last of the big measures to be disposed of.

"You don't know how good corn flakes are till you try Post Toasties"

### BIG RACE AT GOLDEN COVE PARK SATURDAY

An argument that has been hanging fire for a long time in horse circles in Lowell is going to be responsible for the biggest race sport event in this city in years. The race will take place at Golden Cove next Saturday afternoon when "Foxy Grandpa" 2:10-1-4 will start against "Billiken Chimes" 2:10-1-4. Both these handsome horses have hosts of friends for they are just as game as they are handsome and persons interested in the horse racing sport are looking forward to a real treat at Golden Cove park, Saturday afternoon. The affair will be under the auspices of the Lowell Driving Club. Each owner has posted \$100 and both horses are fit as fiddlers.

To this big race the club will add other interesting races including a big free-for-all trot in which a "new one" will be unseated. Secretary Ryan stated today that every stall at the park has been taken and the club he said, already feels the need of some 40 new stalls.

The club was handicapped all last year by rain and other things, but there are no outers connected with the Lowell Driving Club and the members have determined to put Golden Cove park on the map this season. They have arranged a program of big league events and the people of Lowell and vicinity are soon to wake up to the fact that the Lowell Driving Club stands for something.

**Driving Club Notes**  
The owners of a score or more of foals whose sire is "Green Pilot" 2:08-1-4, the most popular horse that ever came to Lowell, are wondering if foals are not farm products as well as cabbage and potatoes and what about having them on the program at the fair.

Julien Miller, who is recovering from a severe illness, is camping with his family at Golden Cove park and has charge of the grounds. He has much improved in health and enjoys the summer.

George M. Wheeler, of Fitchburg, a retired gentleman who loves horses, is coming to Lowell for a few weeks with his pacer "Goliath."

Quite a number of locally raised standard bred colts are getting speed lessons at the Golden Cove track.

Malcolm Brown has the handsome mare, "Belle Onward" quartered at the Andrews veterinary. North America has several head in training for different owners, but is a bit cramped for room.

### LEAGUE STANDINGS

American	Won	Lost	P.C.
Chicago	51	31	62.2

### MATRIMONIAL

Alphonse Levasseur of Peabody and Miss Alberta Rheum of this city were married yesterday, the ceremony being performed at St. Joseph's rectory by the pastor, Rev. Dr. J. H. Racette, O.M.I. The witnesses were Edward Levasseur, father of the groom and Edgar Rheum, brother of the bride. After a honeymoon trip to the White mountains the couple will make their home at 6 Danvers street, Peabody.

Taylor—Hinde  
George Russell Taylor of Cambridge and Miss Gladys Viola Hinde of North Billerica were married Sunday at St. Andrew's rectory, North Billerica, the ceremony being performed by the pastor, Rev. David J. Murphy. Alfred Hinde acted as best man, while the bridesmaid was Miss Blanche Hinde.

### LOSE TO GREECE IN STATE OF WAR WITH CENTRAL POWERS

WASHINGTON, July 17.—Uncertainty as to Greece's status in the world war was cleared away yesterday with the receipt of official information that the Greek government not only has severed relations with all four of the central powers, but is actually in a state of war with them.

Information has reached the state department that the Greek minister in Paris has notified the French government that Greece considers herself a full belligerent and will act accordingly. He said it was not necessary to issue a formal action of war as the government feels it is bound by the declarations previously issued at Saloniki by Premier Venizelos, who took with him to Athens all the responsibilities and commitments of the temporary Saloniki government.

As a belligerent Greece is expected to lose no time in mobilizing her war resources and joining effectively in the common allied operations in the Balkans.

The strength of the Venizelos army is placed at about 60,000 men, and the Venizelos army is expected to be mobilized to a total of 200,000 men and is capable of reaching 300,000 if munitions are provided. The regulars practically were demobilized by the allies when former King Constantine held the organization as a standstill.

**MINISTER REFUSES PULPIT TO SPEAKERS TO UPHOLD "CONSCIENTIOUS OBJECTOR"**

JOLIET, Ill., July 17.—The Rev. E. B. Hastings, pastor of the Central Presbyterian church of this city has refused the request of the American Liberty League of Chicago to allow him to speak at the organization of whose members are clergymen that it be allowed to furnish speakers for his pulpit to uphold the stand of the "conscientious objector."

"What have I done to suffer the insult of such a proposal at this time?" wrote Mr. Hastings to the organization today. "Why should my son offer himself to protect the man who will use his conscience to evade his duty? My son is in the front line of the fight against the enemy in the navy in recognition of the debt to his country."

**SEEK GANG OF THIEVES WHO HAVE STOLEN MANY BIG AUTOMOBILES**

REVERE, July 17.—The Metropolitan park police are trying to run down a gang of thieves who have stolen more than a dozen expensive automobiles at Revere beach during the last week. The cars were taken from the reservation at the beach.

### U. S. NOW HAS OFFICIAL NATIONAL ANTHEM

BOSTON, July 17.—It was a day of innovations, musically speaking, at the Boston recruiting stations yesterday.

In the first place, orders came from Washington to the naval recruiting station officially designating "The Star Spangled Banner" the national anthem, and prohibiting the playing of the national anthem of this or any other country as part of a military band.

With this navy regulation came orders as to how officers and men shall salute the anthem.

"Whenever the national anthem is played on board a vessel of the navy, at a naval station, or at any place where persons belonging to the naval service are present, all officers and enlisted men not in formation shall stand at attention, facing toward the music, until the last note of the anthem, except that in inclement weather the head dress may be slightly raised."

### LOWELL DELEGATES IN TRAIN LOAD FROM THE MINE TO COAL BIN

BOSTON, July 17.—The first solid trainload of anthracite coal direct from the mines to New England is to arrive in Lawrence tomorrow. The New England coal committee of the council of national defence last night announced this.

This is the big thing the committee has been working for under Chairman Storror, and today the organization makes public its appeal to consignees to unload as quickly as possible—for the public good.

A portion of the appeal reads as follows: "To do our part the cars should be unloaded at once for return. The Philadelphia & Reading railroad and the Philadelphia and Reading Coal and Iron company have co-operated in the spirit in the endeavor to get this solid coal train movement started. To keep these solid trains moving with speed between mine and coal bin the cars should be emptied between sunrise and sunset."

In the present initial shipment there are 15 cars for Lawrence, 19 for Haverhill, three each for Salem, Danvers and Saco, and one each for Groveland and Andover.

These cars can be unloaded rapidly. New England will show the mines and roads west of the Hudson that it is fully prepared to carry out its share of the agreement and believe we can bring many more such solid trains to help out the New England householder and manufacturer."

**BRITISH RECRUITING OFFICERS IN BOSTON SUND MEN WHO ENLIST TO CANADA**

BOSTON, July 17.—British recruiting officers in this city have begun sending men who have been accepted for army service to training camps in Canada. Official advice from Ottawa was the basis of an announcement today that hereafter men enrolling for service in the Canadian forces would be permitted to choose the province in which they wished to be enlisted.

### SPYPROOF CENSORSHIP OF CABLES ORDERED

WASHINGTON, July 17.—Secretary Daniels will order Commander Todd, chief radio operator of the navy, to establish a spyproof censorship on cable lines from the United States to every country in the world. Commander Todd's orders, already prepared, in effect will require the navy to prohibit communication between the United States and the remainder of the world must be made absolutely safe and spyproof.

The censorship to be made effective by Commander Todd will affect only outgoing messages. Other agencies have been prepared to break up the system whereby German agents, in neutral countries, keep in touch with their correspondents in the United States.

This action of the navy department represents the second movement of major importance taken within a week to break up the espionage system. President Wilson's proclamation prohibiting German insurance companies from taking premiums on American ships or cargoes are aimed at another branch of the espionage system.

The censorship to be made effective by Commander Todd will affect only outgoing messages. Other agencies have been prepared to break up the system whereby German agents, in neutral countries, keep in touch with their correspondents in the United States.

The precise details of the manner in which Commander Todd's assistants will check up the sending of apparently innocent and commercial messages have not been divulged. It is known that the secret service will be used largely to ascertain the character and connection of every person, unknown to the censors, who submits messages for transmission over the cable lines.

It is believed that the heaviest volume of traffic in coded messages is being carried on between this country and Spain, where the messages are received and relayed by wireless to Berlin.

German agents by using apparently innocent personal and commercial messages, have been enabled to deceive the censors and get out of this country information of a highly valuable military character. Hereafter it will be necessary for all persons with established business connections in European countries to prove to the satisfaction of the government that their messages are genuine.

All summer suits reduced to \$7.00. Dickerman & McQuade.

### U. S. TROOPS AT FRENCH CAMP

AMERICAN TRAINING CAMP, Somewhere in France, July 17.—The American general arrived Sunday evening and yesterday began supervising the initial work of his troops, who are now nearly all here. At noon yesterday the general commanding the French troops who will train with the American troops, and give them the benefit of their long and varied experience also reached the camp.

The scene was impressive, the more so because of being staged in a quaint little village which turned out to the last child to state in wonder at the new-comers who they hailed as sailors. The army is fast getting down to real work and the countryside is swarming either with squads bound to or from the training places, or with supply columns. The people of the neighborhood welcome the newcomers with great enthusiasm and the Americans only have language difficulties in fraternizing with them.

The troops almost without exception have been billeted about the countryside and are fast getting accustomed to the French ways of living. Beautiful weather has assisted materially in the speedy equipment of the troops. The American general yesterday afternoon paid a visit to all the positions occupied by his men.

All summer suits reduced to \$7.00. Dickerman & McQuade.

**CAPT. JOSEPH M. LEWIS DEAD**  
LAWMOUTH, July 17.—Capt. Joseph M. Lewis, well known to mariners through his work as Boston manager of the Scott Wrecking Co., died at his summer home here yesterday. Before becoming associated with this business, in the course of which he saved many vessels which had stranded along the New England coast, he commanded several ocean going tugs.

All summer suits reduced to \$7.00. Dickerman & McQuade.

ASK HEARING ON THE  
JITNEY ORDINANCE

Daniel J. Donahue, who is counsel for a number of jitney owners in Lowell has sent a communication to Mayor O'Donnell asking that an early date be set for the hearing of the petitioners for the repeal of the jitney ordinance. The letter in full is as follows:

Honorable James E. O'Donnell, Mayor  
of Lowell.  
Dear Sir:—  
Are the people of Lowell to have  
the right to determine their method of

transportation within the city limits.  
Or is the Bay State Street Railway  
company to be the criterion?  
These questions are to be consid-  
ered in connection with the recent  
oppressive ordinance adopted by the  
Lowell municipal council which has

put out of commission many much  
needed vehicles commonly known as  
jitneys; also, the six cent fare which  
has gone into effect on the Bay State  
line in Lowell.

On July third, in response to peti-  
tions bearing over 1000 signatures

for the repeal or the amendment of the  
"itinerary ordinance," so called, the Low  
ell municipal council gave to the mayor  
or the power of assigning a date for  
a hearing on the question. The good  
faith of such action we do not ques-  
tion but we submit that a sufficient

time or the calling of such hearing  
has lapsed, and we respectfully ask  
that a date be set, in order that the  
petitioners may present their case.

As bearing on the question of un-  
gency, we beg to say that hundreds  
of people, especially people employed

96% mills, factories and stores, have been  
81% discommoded, and are now put  
41% much inconvenience by the withdrawal  
13% al of the jitney service; and it is par  
21% ticularly aggravating in view of the  
8% fact that an ordinance reasonably  
drawn would make it unnecessary. V

11 do not object to regulation, we do o  
29% ject to oppression.  
24% Are the people of Lowell to have  
25% voice in this matter which so im  
38% mately affects them? Or shall the  
57% State system continue its six cent fa  
118% without competition for six months

50% with the possibility of an increase  
105% fare, thereafter, as suggested by Pres-  
33% ident P. F. Sullivan?  
103% Hoping for an early assignment  
9% order that we may be heard, I am  
56 Respectfully yours,  
95% Daniel J. Donahue

Daniel J. Donahue,  
 For the Petitioners.

---

WOMEN WORK FOR FOOD CONSERVATION

Fifteen women workers in the offices of Dr. Ray Wilbur, head of the food conservation department of the food administration under Herbert Hoover, appeared yesterday in the red, white and blue uniform of the United States food administration. It is customary to see all types of men uniformed for government work. But the enrolling and uniforming of millions of American women for patriotic service in food conservation, of which this is but a beginning, is a new and spectacular thing. In the attractive blue and white costume, with its trim cap, bearing the official shield of stars and stripes surrounded by heads of wheat, were women from widely varied walks of life. From the girl clerk, receiving \$10 a month, who

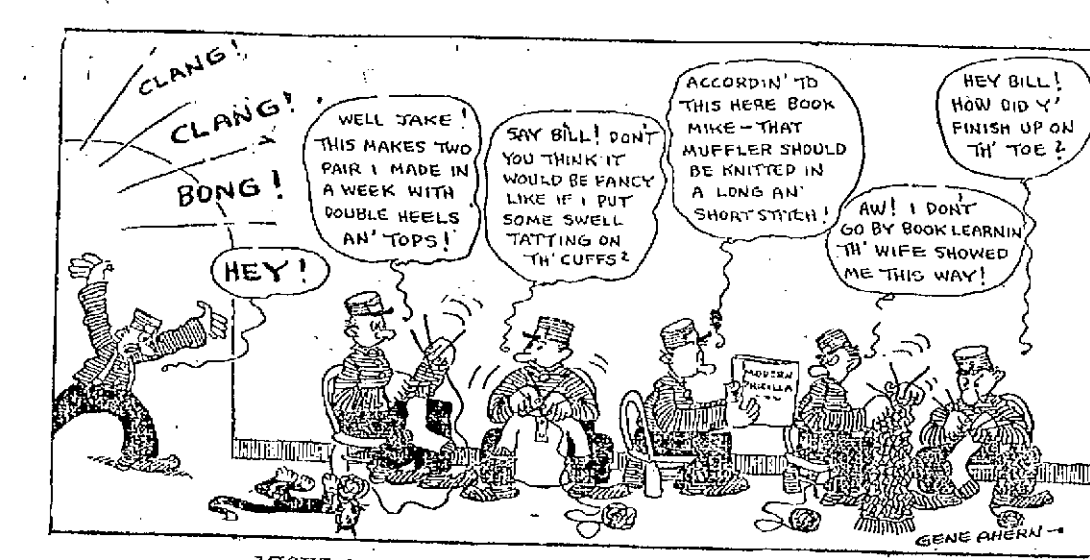

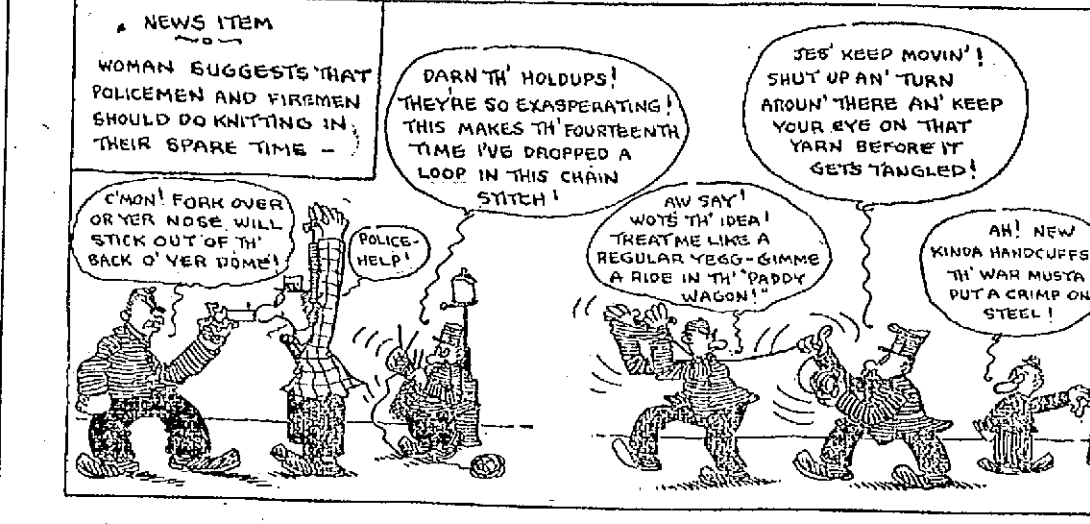

**White House Beacon**  
Mrs. Woodrow Wilson, wife of President Wilson, has placed a beacon in a window of the White House, as a guide for all American women.  
Being the first to send in a signed pledge to Herbert Hoover for food conservation, Mrs. Wilson received the first of the "House Cards," which are being sent out from the Washington headquarters of the food administration, to the homes of plodgers.  
Mrs. Wilson expressed great interest in receiving the decorative card and complimented the food administration on the attractive design. She took the "House Card" into the White House dining room and personally supervised its being hung.  
All those who pass by the White House notice the bright red, white and blue card hanging in the third window from the right of the portico. It was significantly hung in the dining room window next to the pantry. It is expected by the food administration that within a few days all of the homes in Washington and all over the country will follow the excellent example set at the executive mansion—and, like Mrs. Wilson, announce by the "House Card" that they have pledged themselves for the conservation of food.  
**Controller for Canada**  
Responsive to the interest evinced by Herbert Hoover, the food administrator, today received an enthusiastic telegram from W. J. Hanna, food controller for Canada, giving the details of the splendid co-operation of that country with the United States in the conservation of food.  
Dr. Ray L. Wilbur, director of the food conservation action of the food administration, had sent Controller Hanna information on the organization and work for food saving and work in this country, and according to him our nearest neighbor and ally is to adopt a tremendous plan to reach every household, large and small, in the dominion. It will be pushed forward by the means of the provincial government departments. They will work through all of the local schools, institutions and societies.  
Canadian farmers, so Mr. Hanna advised, are organizing units. Through these he hopes to reach every agricultural and farm hand with instruction on food conservation. The public schools, colleges, the Red Cross, Daughters of the Empire, the national and local councils of women, the Young Men's Christian association, church societies, municipal bodies and newspapers are all alive to the necessity of food saving and have organized working units. Individuals of these organizations are giving their expert services free for this valuable work.  
Beside lectures, the controller tells Dr. Wilbur that special articles will be published in the leading Canadian newspapers, to bring home to the people the necessity for saving and demonstrations through local units in domestic economy will be given. The women will learn the canning and evaporating of perishable products during the summer, in order that all exportable supplies can be released this coming winter for England and their allies in Europe.

KAISER TREMBLES FOR THRONE DREADING PROPHECY BY GYPSY

A gypsy's prophecy of the fate of the German empire is said to have worked so successfully as to cause the Kaiser to fear the end of his rule has come.  
It is said in 1849, the Kaiser's grandfather, Prince William of Prussia, who had made himself unpopular during the Berlin revolution of a year before, was in Mainz, disguised as a civilian and attended only by an aide. A gypsy woman addressed him as "Imperial Majesty" and offered to tell his fortune. Amused, because at the time he thought his chance of succeeding to the Prussian throne was slight, the prince asked: "Imperial majesty! and of what empire, pray?"  
Of the new German empire," was the reply.

"And when is this empire to be formed?" he inquired.  
On a scrap of paper, the gypsy wrote 1849, added each of the four numbers to the year and obtained the total 1871.  
"And how long am I to rule over this empire?" asked the prince.  
The woman repeated the operation with the year 1871 and obtained 1888. Astonished by her confidence, the prince then asked, "And how long is this fine empire to last?"  
Again the woman performed the same operation, this time with 1888 and obtained 1913.  
Sure enough, Prince William became German emperor in 1871 and died in 1888. And the year 1913 was the last complete year of the Kaiser's unchallenged supremacy.  
It is said the effect of the truth of the prophecy thus far on the Kaiser's mind has caused him to fear its further fulfillment.

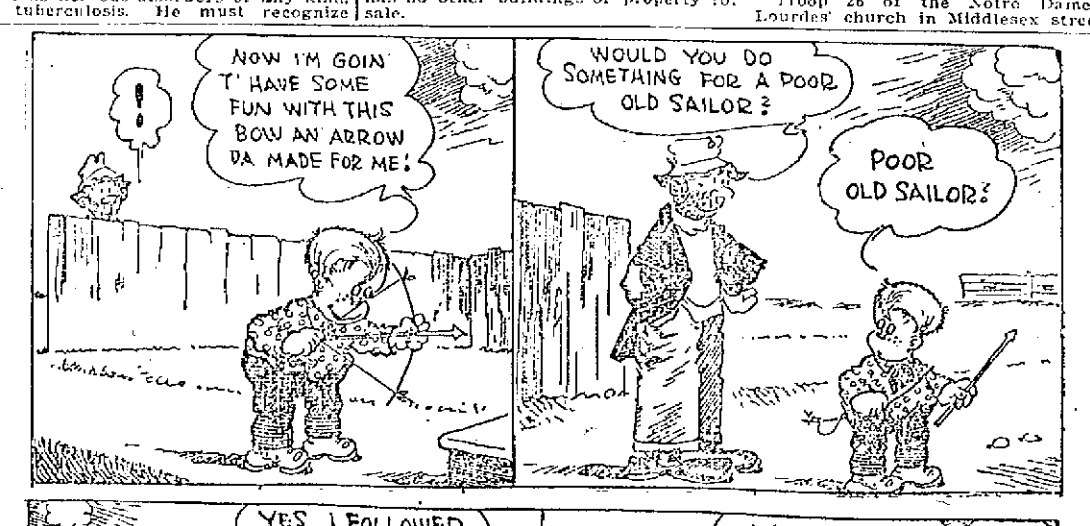

NAVAL RECRUITS

charge of the men on the journey to Newport. Following is the personnel of the company which left this afternoon:  
Albert Ernest Haseltine, 255 Hillside avenue, Haverhill; Cornelius Joseph Horlsey, 238 Adams street, Lowell; Benjamin Black, 96 Tremont street, Lawrence; Thomas Francis Edwards, 117 Lowell street, Lowell; Patrick James Fitzgibbon, 238 Phillips street, Lawrence; Herbert Philip Reifer, 124 Forest street, Lawrence; William Joseph Christmas, 13 Common street, Lowell; Clarence Benson, Eugene Augustine, Dorothy Foster, Foster street, Lowell; John Joseph Lewis, 30 Crosby street, Lowell; H. Charles Edward Gandy, Whiteland, H. James Francis Donovan, 136 Forest avenue, Brockton; Eugene Desrosier, 421 Broadway, Lawrence; James Lavalley, 14 Chandler place, Neibuen, Ezra Norman, Rowden, 9 State street, Lowell; William Brown, 243 School street, Lowell; William Joseph Giles, 45 Saratoga street, Lawrence; William Arthur White, 44 Central street, Lowell; Eugene Lawrence, 23 Springfield street, Lawrence; Thomas Francis Raftery, 23 Cedar street, Lowell; John Joseph Cassidy, 264 Cornhill street, Lowell; Edward Ignatius Shea, 6 Brooks street, Haverhill; Clarence Henry Porter, 37 River street, Hudson.  
**Enlistment Instructions**  
Chief Yeoman Tucker has received the following instructions in regard to the enlistment of men for aeronautic duty in the navy or marine corps:  
The physical qualifications of applicants for appointment for aeronautic duty as ensign or student flyer in the navy or marine corps are considered by a board of medical officers of the navy and no person can be so appointed until he has been found by such a board to be physically qualified for the performance of the duties required. The physical examination will, as a rule, be preceded by the mental and professional examination. No material physical defect will be waived in any case for any reason. When the physical examination precedes the mental and professional examination no one found physically disqualified will be examined further.  
A candidate must declare his age under oath and also that he has no mental or constitutional disease or weakness and no other infirmity or disability that may interfere with the most efficient discharge of duties in any climate. And in relation to that he must also be prepared to consult frankly and freely his history of special relation to eye, ear, nose, and throat troubles, bladder disturbances, asthma, rheumatism, skin diseases, nervous sickness, vertigo, headaches, head injury and joint troubles, and in regard to possible inherited tendencies, such as nervous disorders of any kind, or tuberculosis. He must recognize

that he is expected to be an individual of the active type with freedom from disease and objectionable tendencies, such as toward alcohol or other drugs tending to disturb mental balance.  
Candidates must be between the following ages:  
Admitting ensign ..... 17 to 21  
Student flyer ..... 18 to 21  
Acting second lieutenant, Marine Corps ..... 18 to 21  
In every case the height, weight and chest measurements are ascertained when the candidate is stripped. The minimum height for all ages must be 5 feet 4 inches, and under that age 6 feet, 4 inches. As has been stated, applicants will be required, upon oath, to satisfy the examining board in regard to age, and the requirements shown in the table below, relating to physical fitness of candidates, apply to age at nearest birthday; the minor of greater age than 20 years and 6 months to be regarded as an adult, not to weigh less than 125 pounds.  
**Eight New Recruits**  
Last evening was especially profitable of recruits for the local companies of the National Guard for Sergeant Sullivan and Private Prawlley succeeded in adding up eight men. Three of these left this morning for the Hamilton on the 7.10 train, while the other three went over the road at 1 o'clock in a machine kindly loaned for the purpose by Albert D. Milliken, agent of the Hamilton Mfg. Co. Sgt. Sullivan and Private Prawlley will remain in Lowell to receive enlistments for any of the Lowell companies of the Sixth regiment.  
**Battery "C" Not "up"**  
Battery B will hold its regular drill this evening and it is expected that the officers will have returned from duty in time to participate in the drill. Although the uniform in the battery arrived last week, alterations must be made before they can be worn. In order for the adjutant-general's office, Battery B of Lowell will hereafter be designated as Battery "C". For this reason the letters on the uniforms must be changed.  
Co. 100 of the State Guard, the French-American organization, held a drill at the armory, last night. Members of old Co. 21 will hold a meeting at the armory this evening. Maj. O. A. Mitten will preside.  
The following men were accepted yesterday at the regular army office in Central street: Paul A. Fieley, 23 Butler avenue; Charles Mason, 62 Dixie street; Francois Fournier, 123 Colburn street.

DEVELOPING INTEREST IN FARM WORK

At the present time there is much rivalry among the different scout troops of the city for a number of treks which are to be awarded for the greatest amount of labor done by the scouts in farm and garden work. Many of the boys are employed by the farmers of the suburbs and these men have been asked to fill out a card telling of the amount of time spent by the scouts whom he has employed. In the case of boys who are working on their own gardens the parents are asked to fill out the cards. In this way an accurate record of how much time each troop is spending in farm work can be kept. At the end of the summer season five treks are to be awarded as follows: One trek to the troop in great Lowell, including both the city and suburbs, whose members spend the greatest amount of time in farm work; two treks to the two troops in Lowell proper who have the largest amount of time to their credit; and two treks also to the two troops in the suburbs who excel in the contest. The aim of the contest is to develop an interest in farm work this summer.  
The trek carts are well worth working for. The cart originated in South Africa, where carts were used in the private schools to carry the boys to and from the middle of the 18th century. An expedition party would load their belongings on the trek cart and when a camping spot was reached the cart could be used as a table or bed. The carts are on the same principle. They can be practically turned inside out when the boys have finished a long hike and wish to camp out for the night.  
Plans are under way in local scout circles for the annual rally day of the scouts which will be held this year in the early fall. It has been postponed on account of the interest taken in farm work.  
Things are going along smoothly at the farm and garden in Collingville. A number of new scouts have joined the ranks, and the farmers in the vicinity are delighted with the labor which the scouts are performing.  
**Boy Scout Notes**  
Scoutmaster and Mrs. Willard J. Ryan of Troop 8 are rejoicing over the arrival of a little scout, while Scoutmaster and Mrs. Axel W. Schomberg are also happy to announce the arrival of a recruit for the Campfire Girls.  
Scoutmaster Charles B. Garmon is to be married at the Centralville M.E. church tomorrow evening, and in honor of the occasion a patrol from Troop 10 will act as ushers at the wedding.  
Troop 28 of the Notre Dame de Lourdes church in Middlesex street is

APPLES, ORANGES, FIGS AND PRUNES

Are The Four Fruits Used in Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives" is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent by Fruit-a-tives Limited, Ogdonsburg, N.Y.

PRESENT PEACE TERMS

spirations of the duty in daily affairs and endeavors to base his actions on policy upon his interpretation of the Divine will.  
Mr. Michael's firmness of purpose is said to be due largely to this conviction. This view of life is partly hereditary. His brother became a clergyman, the man of the most devout school and his sister married a clergyman.

REPORT BERNSTORF NAMED

THE HAGUE, July 17.—The Berlin Reichsanzeiger, a copy of which has been received here, publishes an autograph letter from Emperor William to Dr. von Bethmann-Hollweg on the occasion of the acceptance of the resignation of the imperial chancellor. The emperor in his letter says:  
"I decide with a heavy heart by today's decree to grant your request to be relieved from your office. For eight years you have occupied the highest and most responsible offices in the imperial and state services with eminent loyalty and have successfully placed your brilliant powers and personality at the service of the Kaiser and the empire and the king and the fatherland. In the most grievous times that have fallen to the lot of the German nation and peoples—times in which decisions of paramount importance for the existence and future of the fatherland have had to be taken—you have stood by my side with counsel and aid. It is my heart's desire to express my most cordial thanks for your faithful service."

VALUABLE HORSE KILLED

A horse belonging to Potter Hazard of Tyngsboro, and said to be worth \$350 was shot by Agent Richardson of the Lowell Humane society this morning after the animal had received injuries which necessitated its being killed.  
The animal was attached to a mowing machine and was working in a field near Johnson's corner in Tyngsboro, when it sent forward an uncontrollable blade of the machine came in contact with the horse's hind leg and cut through the tendons in the bone. Agent Richardson was notified and, finding that it would be impossible to save the horse's life, put a bullet into its head and ended its sufferings.

AMSTERDAM, July 17.—Count von Roedern, German finance minister, re-

AMSTERDAM, July 17.—A despatch to the Frankfurter Zeitung from Berlin reports that Herr von Bethmann-Hollweg, chief of the imperial chancery, has retired as is the case when chancellors resign.

GERMANY, the Catholic organ, says that Gen. von Stein, Prussian minister of war and state, resigned "owing to the attitude of Dr. von Bethmann-Hollweg during the crisis."

BERNSTORF FOR ZIMMERMANN'S PLACE  
COPENHAGEN, July 17.—The selection of a successor to Foreign Secretary Zimmermann was still unsettled yesterday. Pressure was being brought from two directions to block first, the proposed nomination of Count Brockdorff-Rantzau, the German minister at Copenhagen and to substitute Admiral von Hinzte, minister to Norway or Count von Bernstorff, former ambassador to Washington. The emperor is said to favor von Hinzte.

THE Bernstorff party which sprung up since the return of the ex-ambassador, is endeavoring to organize a boom for him. George Bernard, the political writer, enthusiastically recommends Bernstorff to Chancellor Michaelis not only as a capable and experienced diplomat but as a person of the necessary culture and qualifications whom the chancellor will need as coadjutor and adviser in the coming negotiations.

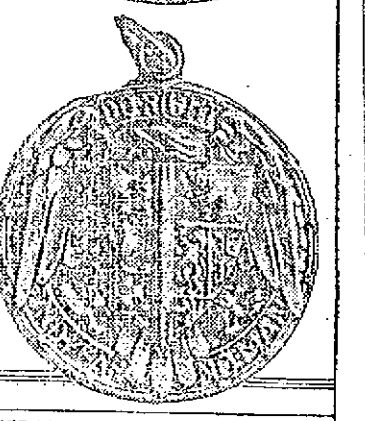

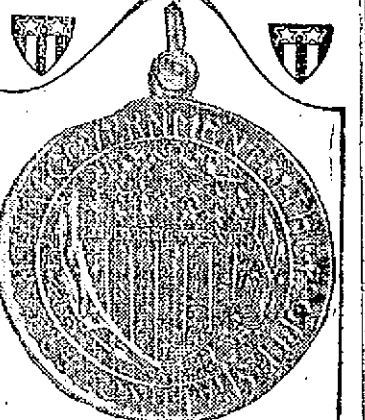

THE Lokal Anzeiger says the changes have been completed and the new chancellor will appear in the Reichstag accompanied by all his new colleagues.

THE Tageblatt says Herr Michaelis is reticent on his policy. The Reichstag is expected to adjourn Friday until September, first voting the war credits almost unanimously.

A despatch from Berlin says the majority block plans to present peace

MEDAL IS STRUCK TO CELEBRATE AMERICA'S ENTRY INTO WAR

The entry of the United States into the world war has been commemorated in permanent form by the striking of a medal. The first three medals struck off in gold have been taken to France by Miss Anne Morgan, who has presented them to Field Marshal Lord French, former Premier Viviani and President Poincare. Another gold medal was given to Mme. Sarah Bernhardt. Additional gold ones are to be presented to the leaders of other allied nations and; meanwhile, copies in other metals are being struck off for the public.  
The war medal was conceived by

MEDAL TO COMMEMORATE AMERICA'S ENTRANCE INTO GREAT WAR

the American Fund For French Wounded and the profits from its sale are to be used to carry on its relief work abroad among American soldiers and in war stricken sections of France. The sculptor of the medal is Theodore Steier, a Frenchman, who designed the medal commemorating the formation of the "entente cordiale" between England and France, the medal for the French commission of the Panama-Pacific exposition and others.

THE American Fund For French Wounded was organized March 4, 1916. The headquarters are in the Old Colony club building at No. 122 Madison avenue, New York.

terms in a resolution to the reichstag Thursday and to demand from Dr. Michaelis a statement that he accepts it in principle, otherwise co-operation is impossible. Meanwhile, the execution of this plan depends upon the assent to which the block holds together.

Report Bernstorff Named

PARIS, July 17.—A Zurich despatch to the Petit Parisien says Count Bernstorff has been appointed German minister at Copenhagen in the place of Count Brockdorff-Rantzau.

# INFORMATION FOR ALL WHO REGISTERED

The following bulletin of information for persons registered in from the war department and is signed by the provost marshal general:

## LOCAL BOARDS

In every county in the United States and for every city of over 30,000 there are one or more local exemption boards. Each of such boards is in charge of the registration cards of persons registered in the area over which the board has jurisdiction, and has jurisdiction of all claims for exemption except those based on industrial grounds. Plant out what board has your card and where the office of that board is.

## DISTRICT BOARDS

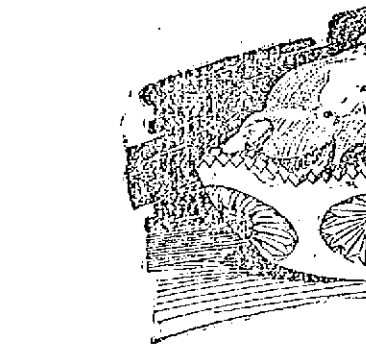

In every federal judicial district there are one or more district boards having appellate jurisdiction over a number of local boards and having original jurisdiction of claims of exemption on industrial grounds. If you intend to make a claim on industrial grounds, including agriculture, learn what district board to apply to.

## RED INK SERIAL NUMBER

Every board has numbered the cards in its jurisdiction with red ink in a series running from 1 to the number representing the total number of cards in its jurisdiction. Lists showing the names of persons in the jurisdiction of each board and the red ink number of each card are open to inspection at the office of each board.

## ORDER OF LIABILITY

These red ink numbers are to be drawn by lot to determine the order in which registered persons are to be called by the various local boards. As soon as the drawing is complete lists showing the order in which these red ink numbers are drawn will be posted at the office of each local board. Go to your local board and find out the order in which you stand for call.

## The Pinnacle of Purity

The law protects you by setting certain standards—which all Ice Cream must meet.

# Jersey Ice Cream

No. 49 CENTRAL STREET

Hours: Daily, 9.30 a. m. to 6.00 p. m. Mondays, Tuesdays, Fridays and Saturdays 10.30 p. m. Lady Attendant. French Spoken.

## CALL FOR EXAMINATION

As soon as quotas are assigned to each state and each board, each board will call upon persons whose cards are in its jurisdiction instructing them to present themselves for examination. This call will be posted at the office of the local board and the papers will be requested to print it. A notice will also be mailed to you, but the posting of the list at the office of the board will be deemed sufficient notice to charge you with the duty of presenting yourself. The law therefore makes it your duty to inform yourself when you are called. The mailing is for your convenience, but if the letter never reaches you, you can not make that an excuse.

Watch the lists at the office of your board and see when you are called for examination.

## PHYSICAL EXAMINATION

You must report for physical examination on the day named in your call.

(a) If you are found physically disqualified the board will give you a certificate which will explain to you what you are further entitled to.

(b) If you are found physically qualified and file a claim for exemption within 10 days after your call you will be given 10 days after filing your claim of exemption to file proof in support of your claim of exemption. See (VII) below.

(c) If you are found physically qualified and file no claim for exemption, or if you do not appear for physical examination, your name will be posted to the district board and you will be called for military service and not exempted or discharged.

On the eighth day after call, or within two days thereafter, copies of the list of persons so posted to the district boards will be given to the press with a request for publication, will be posted in a place at the office of the local board accessible to the public and notice will be mailed to you at the address on your registration card. Therefore watch the notices posted in the office of the local board about 10 days after the day you were called and make arrangements for the prompt receipt of mail.

## SEVEN DAYS TO FILE CLAIMS OF EXEMPTION OR DISCHARGE

(Except for industrial or agricultural reasons)

(a) No claim of discharge on account of the industry in which you

are engaged can be decided by a local board. (See Part XV, below.)

(b) Whether you file a claim of exemption or not, you must present yourself for physical examination on the day named in the notice.

From the notice that you are called to appear and posted you have seven days in which you may file a claim of exemption or discharge. This form for filing this claim is simple. If you file a claim of exemption, you must file a claim of exemption on Form 110 for exemption or Form 121 for discharge. If the board has not the printed form ask to have the form printed and copy the form shown to them.

(c) Fill out the proper form and file it with the board.

(d) Do this within seven days of the posting and mailing of notice to you to present yourself.

The following are the only grounds for exemption:

1. That you are an officer, legislative, executive, or judicial of the United States, a state or territory, or the District of Columbia.

2. That you are a regular or duly ordained minister of religion.

3. That you were on May 18, 1917, a student preparing for the ministry in any recognized theological or divinity school.

4. That you are in the military or naval service of the United States.

5. That you are a subject of Germany, whether you have taken out papers or not.

6. That you are a resident alien who has not taken out first papers.

In addition to claims for exemption claims for discharge may be made on any of the following grounds, which are in favor of the claimant for discharge by a local board.

1. That you are a county or municipal officer.

2. That you are a customhouse clerk.

3. That you are employed by the United States in the transmission of mails.

4. That you are an artificer or workman employed in an armory, arsenal, or navy yard of the United States.

5. That you are employed in this service of the United States (under certain conditions). See paragraph (c) of section 20, Regulations.

6. That you are a licensed pilot regularly employed in the pursuit of your vocation.

7. That you are a mariner actually employed in the sea service of any citizen or merchant within the United States.

8. That you are a married man with a wife or child dependent on you for support.

9. That you have aged or infirm parent dependent on your labor for support.

10. Have you aged or infirm parent dependent on your labor for support.

11. That you are the father of a motherless child under 16 dependent upon your labor for support.

12. That you are a brother of an orphan child or children under 16 dependent on your labor for support.

13. That you are a member of a well-recognized religious sect or organization organized and existing May 18, 1917, and whose then existing creed or principles forbade its members to participate in war of any form and whose religious convictions are against war or participation therein in accordance with the creed or principles of said religious organization.

There are the only grounds for exemption or discharge by a local board.

Another person can file a claim in your behalf, but must use different forms in filing the claim.

## TEN DAYS AFTER FILING CLAIM TO FILE PROOF

Your claim of exemption or discharge must be filed within seven days of the day on which notice to you that you are called was posted and mailed. But after you have filed your claim for exemption or discharge you have ten days within which to file proof.

The method of proving claims is very simple, but it is rather exact. If you follow the rules given below you will have done what is required of you.

First, Go to the local board and consult the regulations to find out the form number of the affidavits that you must submit for your particular claim.

Second, Go to the local board for the affidavits that are necessary in presenting your proof. If the board has not the forms, ask to consult the pamphlet of forms.

Third, Have the affidavits properly accomplished and return them to the board within the time limit assigned you—10 days from the filing of your claim.

Remember:

(a) You must submit your proof in the prescribed form and the board has no authority to accept or discharge you unless you submit all the affidavits required by regulations.

(b) There will be no argument before the board and no proof other than the prescribed affidavits unless the board calls for other proof which it will do in only a limited number of cases.

## WHEN CLAIMS ARE DECIDED

Every claim for discharge or exemption will be decided by the local board within three days after your affidavits have been filed.

## CERTIFICATE OF EXEMPTION OR DISCHARGE

If your claim is allowed a certificate of exemption or discharge will be issued to you.

Remember:

(a) This certificate may be recalled at any time.

(b) If it is temporary or conditional, it is subject to recall when the condition named are fulfilled.

(c) You have been drawn for military service and when the condition that has postponed your service has been met you may be recalled at any time.

(d) Remember that your case may still be appealed to the district board.

Remember that if you appeal your certificate may be withdrawn at once. When so withdrawn you stand precisely as though you had been selected for military service by the local board.

## ADVERSE DECISIONS ON CLAIMS

If your claim is disallowed by the local board your name will be called to the local board as one who has been called for military service and not exempted or discharged. Within two days thereafter, if practicable, list of those so called to the district board will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public and notice will be mailed to you at the address on your registration card.

Therefore, if you have filed a claim for exemption or discharge in support of your claim, the notices in the office of the local board beginning about five days after you have filed your claim of exemption or discharge will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public and notice will be mailed to you at the address on your registration card.

Therefore, if you have filed a claim for exemption or discharge in support of your claim, the notices in the office of the local board beginning about five days after you have filed your claim of exemption or discharge will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public and notice will be mailed to you at the address on your registration card.

Therefore, if you have filed a claim for exemption or discharge in support of your claim, the notices in the office of the local board beginning about five days after you have filed your claim of exemption or discharge will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public and notice will be mailed to you at the address on your registration card.

Therefore, if you have filed a claim for exemption or discharge in support of your claim, the notices in the office of the local board beginning about five days after you have filed your claim of exemption or discharge will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public and notice will be mailed to you at the address on your registration card.

Therefore, if you have filed a claim for exemption or discharge in support of your claim, the notices in the office of the local board beginning about five days after you have filed your claim of exemption or discharge will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public and notice will be mailed to you at the address on your registration card.

Therefore, if you have filed a claim for exemption or discharge in support of your claim, the notices in the office of the local board beginning about five days after you have filed your claim of exemption or discharge will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public and notice will be mailed to you at the address on your registration card.

Therefore, if you have filed a claim for exemption or discharge in support of your claim, the notices in the office of the local board beginning about five days after you have filed your claim of exemption or discharge will be given to the press with a request for publication, will be posted in the offices of the local board accessible to the public and notice will be mailed to you at the address on your registration card.

certified to the district board was posted and mailed.

Remember: You can only appeal the local board's decision on your claim of exemption or discharge or refusal to exempt or discharge you. You can not appeal other orders or action of the local board.

## PROVING YOUR APPEAL

You have five days after the district board receives your notice that you have filed a claim of appeal in which to file evidence additional to that filed by you in the local board. This evidence must consist of affidavits.

## DECISIONS ON APPEAL

The decision on your appeal must be made within five days of the closing of proof and you will be notified by mail of the action of the board on your appeal.

## CLAIMS FOR DISCHARGE ON INDUSTRIAL GROUNDS

Only the district board can receive claims for discharge on the ground that you are engaged in industry, industry, or occupation.

Such claims must be filed with the district board on or before the fifth day after the mailing of notice to you that you have been called to appear before the local board as one who has been called for service and not exempted or discharged.

If you desire to file such a claim:

1. Get or copy at the local or district board Form 161 or 162.

2. Fill the form out properly.

3. File it with the district board within five days after the mailing and posting of notice that your name has been called from the local board to the district board.

See section 44, Regulations.

## PROOF IN SUPPORT OF INDUSTRIAL CLAIM

Only affidavits can be used in filing proof before the district board of a claim for exemption on industrial grounds. All such affidavits must be filed within five days after the filing of the claim.

## DECISIONS ON INDUSTRIAL CLAIM

Within five days after the closing of proof in any industrial claim the district board must decide the claim.

If the decision of the district board is in favor of the claimant the board will issue a certificate of discharge. If the decision is against the claim the district board will so notify you.

Remember that if you are called for military service and that the certificate of the district board is only conditional on your remaining in the kind of industrial service in which you are engaged, you will be called for military service and that the certificate of the district board is only conditional on your remaining in the kind of industrial service in which you are engaged.

No such exemption shall continue when a cause therefor no longer exists and your certificate of discharge is recalled by
